## Lower Seasonal Prices On Peaches Are Set

Elberta No. 1 Peaches Reduced To 78 Cents As Supply Is Expected To Exceed Demand—Plums Cut Down But Pears Are Shot Up In Price—Grading Regulations On Apples From McIntosh On Are Set

AFTER a lengthy and tedious discussion, which lasted all afternoon on Tuesday, the price-fixing committee of the Shippers' Federation, and the B. C. Fruit Board members agreed on the seasonal price for Elberta and other free stone peaches, as well as J. H. Hale peaches, red plums, Flemish Beauty pears, and the opening quotations on Anjou pears.

Besides this price setting, grades of all apples from McIntosh on were set at this session.

A new departure has been made in the fixing of peach prices this year. Generally, it has been the usual procedure to mark prices either five or ten cents up or down, but never to split the figure under five cents. Elberta and other free stones, however, have been reduced seven cents, from 85 cents for No. 1's to 78 cents. The No. 2 price is reduced from 75 cents to 65 cents.

### Hales Are Down

J. H. Hales are also down to 35 cents and 70 cents for the two grades, as compared with 95 and 85 for the opening prices.

This drastic reduction in peach prices has been made after consideration of various difficulties confronting the trade. Mr. Barrat, Board member, states: "First of all, the crop is away ahead of any previous year, with about 250,000 boxes still to sell, and the season is ten days to two weeks later than it should be, complicating the marketing conditions considerably."

Further than that, it is said that the demand has so far exceeded the supply, due to the wet weather holding back the fruit through August, but the switch-over is commencing and from now on the supply will exceed demands.

When the prairies could not get ample supplies of Okanagan peaches, they went across the line for fruit which was bigger in size and better in quality than the early peaches from the Okanagan, which would not be in time. Consequently, the prairie housewives have most of their preserving done at present. The demand for soft fruit has been in excess of the average this year, it is said.

### Prunes Flood Market

Red plums have taken a bad licking this year, having to face heavier peach supplies and a horde of American prunes, shipped into the prairie market before the dump duty. It is estimated that there is another week's supply of United States prunes on the Canadian prairie, despite the fact that the dump duty has been in force almost two weeks.

## BEATTY VISIT IS DELAYED ONE DAY

C.P. President To Be In Kelowna On Thursday, September 16

Changes have been made in the itinerary of the tour of Sir Edward Beatty, G.B.E., K.C., L.D., Chairman and President of the Canadian Pacific Railway, through the Okanagan. The distinguished visitor will be in the Valley on Thursday, September 16, instead of Wednesday, September 15.

On Wednesday evening, he will arrive in Penticton to be greeted by the Penticton Board of Trade. Traveling to Vernon by motor car, he will address the combined men's and women's Canadian Clubs, along with visitors from other Valley points, at noon, Thursday.

In the afternoon, about 5 o'clock, Sir Edward will be guest of the Kelowna Board of Trade at a reception at the Royal Anne Hotel. He will then go to Penticton, leaving there at 9:35 a.m. Friday.

A number of Kelowna citizens belonging to the Canadian Club and the Board of Trade have expressed their desire to hear Sir Edward speak at the Vernon gathering. This is the only place in the Valley where he will give an address.

## SPECIAL LEEWAY GIVEN TO CANNERS

Can Pack Tomatoes Without Overtime Costs From September 2 to 15

Canners in the Kelowna area, as well as in other parts of the Interior, have been allowed a special dispensation by the Industrial Relations Board to operate from September 2 to 15 without the penalty of overtime regulations.

This was the result of concentrated action on the part of the Canned Foods Association of B.C., in order to let the canners handle the tomatoes at the height of the rush season.

With the cool weather prevailing in August, however, the tomatoes did not ripen in this district sufficiently fast for the local concerns to take full advantage of this special leeway. The average run per day, for the women canners, is about 10 hours.

In the Vernon area the tomatoes are rolling in fast, and with only one cannery, Bulman's Ltd., to take the produce, five cars of toms had to be shipped to Coast canneries for packing.

VERNON, Sept. 9.—Kelowna's lithe Marion Todd was the chief sprinter at the Caledonian Games here on Labour Day, capturing the 100 yards event. She placed second to Pearl Johnston, of Enderby, in the high jump.

## Japanese Leader In China

It is a piece of irony that General Iwane Matsui, who recently took over supreme command of the Japanese forces in China, is well known in the country against which he is waging war, owing to his long association with the late Dr. Sun Yat-Sen, founder of the Chinese Republic, in a pan-Asia movement.

## Raves About Beauties Of Okanagan Valley Lakes

Mr. B. C. Butler, Canadian Trade Commissioner to Singapore, and Mrs. Butler paid a short visit to Kelowna on Tuesday afternoon on a holiday motor trip which has taken them 7,500 miles, to date. They have been across the United States from Hamilton to Los Angeles, up the Pacific Coast to Vancouver, Kamloops and the Cariboo, and they are now touring the Okanagan.

Their holiday has extended about a month, up to the present, including ten days to two weeks on a ranch in the Cariboo. Mr. Butler intends to tour across Canada to Halifax before concluding his holidays. He may visit the Okanagan again before returning to Singapore in January.

"You have a marvellous Valley here," he told his friend, Mr. George Brown, of the B.C. Fruit Board, and the Courier representative on Tuesday afternoon. "I never saw anything so lovely in my life as the colouring in the lakes as I came down the Valley, especially in Long Lake."

Mr. Butler was sincerely enthusiastic concerning the beauties of the Okanagan and voiced a keen interest in packing operations at the Kelowna Growers' Exchange.

## NEW MINISTER TO BE INDUCTED AT RUTLAND

Ceremony Will Take Place In Rutland United Church On Friday Evening

A special service will be held at the United Church, Rutland, on Friday evening, Sept. 10th, at 8:00 o'clock, to mark the induction of the Rev. A. C. N. Pound, M.A., B.D., who has been called to succeed the Rev. A. McMillan, now of the Naramata charge. Addresses will be given by the Rev. G. R. Tench, M.A., B.D., of Winfield, and the Rev.

## NEW RECORD FOR ENROLMENT IN LOCAL SCHOOLS

Total Of 1,151 Pupils Enter On Opening Day, Tuesday September 7th

WILL EXCEED 1,200

Many Improvements Made In School Buildings During Summer Recess

Total enrolment of pupils in the Kelowna schools on Tuesday, September 7, school opening day, was figured at 1,151. This number was increased yesterday and today, with new arrivals, and by next month it is anticipated that more than 1,200 pupils will have been brought into the three schools.

Already the number of school pupils at the start of the season has increased by 65, over 1936, and it is estimated that the total this year will be far greater than in any previous year. The addition of the new Junior High unit is well merited. It would appear from a perusal of the estimated attendance.

### Increase In Primary

The Elementary School total on Tuesday was 680, including 410 beginners. Last year the first day figures were 633, with 95 primary pupils. Three classes, including 40 of one grade, make up the primary school rooms. There are 109 pupils for only two classes.

It is anticipated that another twenty pupils, at least, will swell the Elementary ranks before many weeks have passed by.

The biggest group of classes ever brought together in the Kelowna Junior High history started school on Tuesday, the total being 395. From teachers' reports it would seem that at least twenty more pupils would be coming into the Junior High before the end of the month. Last year the first day enrolment was 235. In this school, 35 new pupils have come to Kelowna from the outlying country districts and from the prairies.

The Senior High does not show much change, 165 students having entered. Mr. A. A. Chapman, Principal, states that between fifteen and twenty more pupils, now working, will be in school within the next few weeks.

### Improvements Made

Many improvements were made in the Elementary School during the summer recess, battleship linoleum being laid in some of the rooms, and all the desks sanded and varnished. The usual programme of kalsomining and painting was carried out, to make the School appear bright and cheerful to the returning pupils.

Metal shop equipment has been added to the manual training department of the Junior High, and three new courses in woodwork, metal work, and drafting have been arranged. Bigger classes will now be accommodated in the manual training, and Principal Roy Stibbs has indicated his satisfaction with the change.

Only the Grade 10 class will be under the new curriculum requirements in the Senior High this fall. Mr. A. A. Chapman, Principal, states. This class was under the new curriculum in Grade 9 of the Junior High last year and is carrying on through the Senior High. Grades 11 and 12 will continue their courses of study under the old system, rather than adopt a course of studies so drastically revised, near the end of their schooling.

In two years' time, when the present Grade 10 gets to Grade 12, all the classes in the Senior High will be under the new curriculum.

On Tuesday no classes were held for study, only registration and lists of books being handled. On Wednesday the pupils assembled, ready for the real commencement of the fall term.

Dr. W. W. McPherson, of Kelowna. The formal ceremony of induction will take place and an opportunity will be given of welcoming the new minister.

## Mrs. Clarice Keith, Kelowna Woman, Dies At Penticton After Fatal Auto Accident

Large Black Bear Is Treed Up Big Poplar Just Outside The City

A large black bear was treed up one of the big Bankhead poplars just outside the city limits this morning. It created quite a sensation, as bears are seldom found so close to a thickly populated area as in this case. A large crowd of curious spectators gathered this morning to view the animal. So far, no one has taken a pot shot at Mr. Bruin, as it is closed season.

## ARRANGE RADIO HOOK-UP WITH JOBBING TRADE

Programmes To Tell Alberta Housewives Of Advantages Of B. C. Fruit

ALICE STEVENS' CONTACTS

Fine Advertising Schemes For Apples And Peaches Being Arranged

While Messrs. W. E. Haskins, E. J. Chambers and C. A. Hayden were in Calgary recently, they met representatives of the jobbing trade, and complete arrangements for a radio tie-up to advertise fruits grown in the Okanagan over a hook-up throughout Alberta.

It is expected that the cost of this advertising programme will be in the neighbourhood of \$10,000, the jobbers contributing half of this amount, the Okanagan shippers one quarter and the B.C. Fruit Board the remaining quarter.

### Valuable Work

Miss Alice Stevens has contributed some valuable contact work on the prairies for the Board, in advertising peaches and apples. Mr. Haskins declares, and he is much impressed with the efforts she has put forth.

(Continued on Page 10)

## SMALL FIRES ARE EASILY PUT OUT

Brigade Called To Simpson's And Rowcliffe Cannery Wednesday

Two fire alarms to the industrial area in Kelowna brought out the Kelowna Volunteer Fire Brigade on Wednesday. In the morning, at 8:10 o'clock, an alarm was turned in from Simpson's Sawmill, where an electric motor outside the planing mill had become overheated and ignited a few shavings. The fire was put out before the Brigade reached the scene.

About 10:00 o'clock in the evening an alarm came in from Rowcliffe Cannery, where some sawdust near the boiler room furnace had started to smoulder. This fire was soon extinguished. No damage was done at either blaze.

## Ruthless Warfare Takes Toll Of Civilians

The fierce struggle for possession of Shanghai between Japanese and Chinese forces has taken a terrible toll of noncombatant life. Four victims of a bomb which dropped in Nanking Road on August 14th are shown sprawled in a grotesque heap a few minutes after the explosion.

Ronald Bell, Vancouver, Driver Of The Death Car, Is Held On Charge Of Manslaughter In Penticton After Auto Rolled Over On Sharp Right Angle Curve Near Okanagan Falls—Two Vancouver Men And Two United States Women In Car Besides Deceased On Evening Of Labour Day—Funeral Being Held This Afternoon

## Jury Brings In Accidental Death Verdict

MRS. Clarice Keith, aged 39, of Kelowna, died in the Penticton Hospital on Tuesday morning, about 2 o'clock, from injuries received in a motor car which turned over once and a half on a sharp, right-angle curve near Okanagan Falls, some time between 6:45 and 7:15 o'clock Monday evening, September 6.

The late Mrs. Keith was well known in Kelowna, and the news of her sudden demise came as a distinct shock to the entire community.

Ronald Bell, of Vancouver, driver of the death car, is being held in Penticton jail on a charge of manslaughter. He appeared before Magistrate G. A. McLelland, in Penticton, on Wednesday and was remanded for eight days. Mr. Harold McInnes is appearing as his counsel.

A coroner's jury brought in a verdict of accidental death, with a strong recommendation that a warning post be placed near the curve, following the inquest, held Wednesday afternoon in Penticton.

### Did Not See Curve

## SEEK IMPROVEMENT OF WESTBANK ROAD

Junior Board Endorses Move Of Westbank Chamber Of Commerce

Endorsement of a resolution, presented by the newly-formed Westbank Chamber of Commerce, in the matter of repairs to the Westbank-Westbank Ferry road, was given by the Kelowna Junior Board of Trade on Friday evening, at the Royal Anne Hotel.

The Westbank resolution asks the Minister of Public Works to have gangs repair this seven-mile stretch this winter, so that it will be in readiness next summer for hard surfacing.

Mr. Don Whitman moved that the Junior Board endorse this motion, and send a similar one to Hon. F. M. MacPherson. He agreed that this stretch of road needs a lot of attention.

From evidence produced at the inquest it would appear that Bell had not seen the curve and had gone straight ahead off the road, and nose-dived his car over a slight depression. The car rolled over once and a half and came to rest on its left side. The deceased woman was thrown out when the car rolled over.

The late Mrs. Keith was with Ronald Bell and Gordon Grant, both of Vancouver, in Oliver, when they met an Edward Grant and Miss Ruth Farver, of Tonasket, Wash., and Miss Dorothy Taylor, of Mullan, Idaho, in the Hotel Reopel beer parlour. Edward Grant had borrowed a Ford V8 sedan from his brother for the occasion of the visit to Oliver, to attend the celebration.

The party decided to go to Penticton, but Edward Grant did not accompany them, staying in Oliver. Miss Farver was driving, but she testified that the road became rough and Bell volunteered to drive. It was only a (Continued on Page 10)

## Not An Atom Of Truth In Dexter Report, Says Gornall

Canadian Fruit Trade Commissioner Replies To Accusations Of "Fraudulent Packing" In Winnipeg Free Press—Hon. W. D. Euler Asks Paper For "Adequate Correction"

THAT the Okanagan fruit industry was justified in inferring that the now "famous" Grant Dexter despatch to the Winnipeg Free Press must have meant boxed apples from this province, and that there was absolutely no justification in the report, is contained in a despatch from Mr. W. B. Gornall, Canadian Fruit Trade Commissioner in Great Britain, to Hon. W. D. Euler, Minister of Trade and Commerce.

These statements are the result of concentrated action on the part of the B.C.F.G.A. and Hon. Grote Stirling, M.P. for Yale. Previously, the results of the B.C.F.G.A. letters of incredulity concerning the report have been published and Hon. Grote Stirling has released today the findings of Mr. Gornall, relayed to Hon. Mr. Euler.

Having received Mr. Gornall's strong,ly worded letter, pointing out the fallacy of the Dexter despatch, Hon. Mr. Euler wrote the Winnipeg Free Press asking for an "adequate correction." His letter, in part, to the Press, was as follows: "Inasmuch as the despatch from Mr. Grant Dexter published in the Winnipeg Free Press under date of July 15 was definitely inaccurate and July 15 was definitely inaccurate and I feel it is only proper that you make some adequate correction."

Mr. Gornall was outspoken in his comments on the report. "I can give no explanation of the report as published in the Winnipeg Free Press," declared Mr. Gornall, "and I am more than surprised that information of such a nature should have been given to a press correspondent."

"In the first place, there were no Canadian boxed apples on the market during the whole period of the delegation's visit to this country, and therefore it was impossible for any member to make the inspection reported, and there is not the slightest trace of truth in the published statements—boxes of apples with good fruit on top and bad underneath occurred too frequently under the close inspection of these officials."

### Cannot Understand Source

"It is presumed that Mr. Dexter obtained information by interview, but I find it hard to believe that any member of the delegation made such a statement. It is really an accusation of deliberate fraudulent packing. Further, I know of no importer of repute in the United Kingdom who would have made such a statement to a member of the delegation responsible for reporting upon the fruit situation."

"I have been concerned with the (Continued on Page 10)

## No Response To Plea For Auxiliary Ferry Service On Okanagan

Although wires from the newly-formed Westbank Chamber of Commerce and the Kelowna Junior Board of Trade left Kelowna Friday night, to Mr. O. P. Roberts, Assistant District Engineer, asking for the auxiliary ferry service, no action has been taken by the Department of Public Works, Mr. Roberts, or the ferry skipper, Capt. L. A. Hayman, towards providing additional means of transportation across Okanagan Lake.

It is understood that Capt. C. R. Bull, M.L.A., was investigating the situation carefully yesterday.

With the big increase in truck travel from the south and from the Westbank area, where the tomatoes are now pouring into the Kelowna canneries, a tie-up of traffic occurs daily during the main hours of business.

On Saturday, with the second largest day's business in the fruit industry this year being carried on, there was a bad jam at Westbank Ferry wharf. Some trucks had to wait for four ferries before they were able to cross the lake and unload fruit for the waiting cars.

The Westbank delegates to the Junior Board meeting on Friday evening explained that their tomato season is a short one, and if the fruit is to be transported to the canneries without delay an auxiliary service is essential.

Nearly every ferry in the main hours of the day leaves some cars and trucks behind, it is said.

## THE GHOST GOES WEST ?

## NOTICE

A meeting of representatives of local packing houses, churches and service clubs is called for Herbert's Business College, Casorso Block, Thursday evening, at 7.30 p.m., to discuss ways and means of sending relief apples and vegetables to the Drought Area in Southern Saskatchewan.

A committee will be appointed to look after details. Any person interested is invited to attend.

6-1c

## HE ATE ALL-BRAN AND IMPROVED WONDERFULLY

Read this voluntary letter: "In regard to your ALL-BRAN, it is marked on the package 'best as a cereal, best for cooking,' and, as far as I am concerned, you might add *best for health*. Since I have begun to eat it, I have improved wonderfully."—Mr. H. E. Poole (address on request).

ALL-BRAN corrects common constipation, due to meals low in "bulk." Within the body, it absorbs water, and forms a soft mass, gently sponging out the system.

ALL-BRAN also supplies vitamin B to tone up the intestines, and iron for the blood. Isn't this food better than taking weakening pills and drugs?

Eat two tablespoons daily, either as a cereal with milk or cream, or in recipes. In chronic cases, with each meal. Sold by all grocers. Made and guaranteed by Kellogg in London.

Examiner: "What do you know of commerce in the Middle Ages?"  
Examinee: "It was very primitive—they paid ready cash."

## Tested ON THE TRACK FOR SAFETY ON THE ROAD

Firestone performance records tell the real story of tire safety—safety proven in the toughest tire tests in the world. For 18 consecutive years Firestone tires have been on the winning cars at the Indianapolis Speedway. For 9 years Firestone-equipped cars have won the annual Pike's Peak climb. Ab Jenkins used Firestone tires when he drove the amazing speed of 148.6 miles per hour for 48 hours over the hot salt beds of Utah. Follow the example of these men who know tires and will not trust their lives to any but Firestone. See the nearest Firestone dealer today.

## OUTSIDE ENTRIES FOR MOTORCYCLE HILL CLIMBING

Seattle Man Wins The Northern Championship Event Here On Labour Day

Twenty entries competed on Labour Day on the hill at the old off well for cups and prizes in the first annual motorcycle hill climb. Motorcyclists from Seattle, Bellingham, Trail and Vancouver were competing, besides the Kelowna district entries.

Two of the main competitions went to Larry Lane, Seattle rider, with John Martinovich, of Bellingham, second both times. Bruce Collinson, of Kelowna, was winner of the novice event and the Fred Dealey Cup.

### Large Crowd Out

A large crowd of spectators watched with interest the attempts of the many riders to reach the top of the hill, which is 280 feet long and has a 65 per cent grade. After so much activity the hill became badly cut up, making climbing difficult.

Next year it is planned to have three hills for the competitions, so that a new grade will be provided on each occasion. The outside entries will return again, they promised, and do not mind if the hill is rougher and tougher, as long as it does not plough up too much.

Only one slight accident occurred during the day, when "Speedy" Ponak, of Trail, went nosediving over his handlebars when his machine buckled in loose dirt while descending. He was able to continue after a short rest.

This afternoon's sport was sponsored by the Kelowna Motorcycle Club, which is affiliated with the American Motorcycle Association. The Northwest Interior Championship was at stake for this climb.

### Dinner Followed

Following the running of the programme the riders attended a dinner at the Royal Anne Hotel, where the trophies were presented. Mr. Fred Dealey, Harley-Davidson representative for the northwest, was present, and gave the competitors some useful information and some interesting insights on motorcycle climbing, besides presenting his trophy to Bruce Collinson.

In this novice event for the Dealey trophy, Bruce Collinson travelled 163 feet to win first place, while Orville Watson went 152 feet for second prize and Glen Ross, of Bellingham, was third with 148 feet. John Casorso was right beyond Rose, just missing out at 147 feet.

The 45 Expert class climb and the Northwest Interior Championship trophy went to Larry Lane, of Seattle, with a climb of 220 feet. John Martinovich, of Bellingham, climbed 192 feet and Palmer Rutledge, of Trail went 141 feet for third place.

The 80 Class B event was also won by Lane with 157 feet ascent, and Martinovich was second with 146½ feet. Bruce Collinson was third with a climb of 139 feet.

## IT LOOKS EASY BUT TRY IT YOURSELF!

Here are six members of the feminine classes conducted at Vancouver this summer under the Department of Physical Culture Course, operated by Director Ian Eisenhardt. The best performers in the Recreational Centre Courses throughout the province were selected to take extra curricula courses in Vancouver during the holidays, and many of these young men and women have been chosen as instructors in various B. C. centres. This Department is a branch of the Department of Education and was instituted under the guidance of Premier T. D. Pattullo and Hon. G. M. Weir.

## CAPTURE BIG FISH IN OKANAGAN LAKE

Roy Stibbs Lands 18-Pounder After Two-Hour Struggle

Okanagan Lake as a fishing haunt is coming back into its own and Roy Stibbs, principal of the Kelowna Junior High School, will testify to the truth of the statement after his week-end success.

Mr. Stibbs landed a huge Kamloops trout weighing 18 pounds 3 ounces, after a struggle which lasted for one hour and 55 minutes. He used a Co. hour and 55 minutes. He used a Co. hour and 55 minutes.

Joe Silcox was successful in landing a nine-pounder, as well. Mr. Stibbs will receive a gold button and entry into the O.K. Big Fish Club for the 1937 season.

Pillar Lake is said to be excellent, while a party from Kelowna captured 45 young small spring salmon at Mabel Lake over the week-end. Beaver and Dee Lake are attracting capacity crowds.

Among the American visitors to Beaver and its adjoining lakes last week-end were the following: Bill Reuth, Seattle; S. H. Miller, Charles and Don Williams, Cashmere; Pete Miller, Jack McPhee, Paul Renning, J. F. Scheble, Wenatchee; Al Kurns, Tonasket; J. Sampler, W. D. Wiseman, Cle Elum; W. Shestock, Roxby, Wash.; G. L. Beck, Tacoma.

## TWO RIFLE MEETS SET FOR SAME DATE

Salmon Arm And Summerland Will Hold Annual Shoots On September 12th

Through an unfortunate clash of dates, the annual rifle shoots at Salmon Arm and Summerland will be held on the same day, next Sunday, Sept. 12th and Kelowna rifleman are in a quandary which of them to attend.

The Summerland marksmen, good fellows all, have been coming to Kelowna for the Gilbey Spey-Royal event year after year without any visit in return from the Kelowna rifleman. Salmon Arm, which has not been represented before in the rifle team competition, attended with two teams this year and, in order to maintain their interest, it is felt that at least one team should return the visit.

With the fruit packing and shipping season now in full swing, Sundays are no longer free and selection of teams becomes a problem of much difficulty which the Executive of the local Rifle Association will endeavour to solve at a meeting on Friday night.

Particulars of the Summerland shoot are not to hand, but it is understood that a match will be fired at the usual three distances, with a number of prizes offered for competition.

The competition at Salmon Arm will commence at 8.00 a.m., but local rifleman will fire first so as to permit visitors from a distance to arrive later. The three distances will be fired. An entrance fee of \$1.00 will be charged, which will include ammunition, Lee-Enfield and P.14 Enfield for men sixty years of age and the only kinds of rifles permissible. Refreshments will be obtainable on the range, but the subsequent banquet has been abandoned in order to permit competitors to leave for home without undue delay. Prizes will be distributed on the range at the conclusion of the shoot.

Teacher: "How many make a dozen?"  
Class: "Twelve."  
"How many make a million?"  
"Very few."

## KELOWNA LADIES HAVE HARD BATTLE

Mrs. Matthewson And Miss Stubbs Lose In West Kootenay Finals

What proved to be the outstanding match of the series was staged at Nelson on Monday, Labour Day, when Mrs. G. A. Matthewson and Miss Mary Stubbs, of Kelowna, just lost the ladies' doubles title of the Kootenays to a Spokane couple, Misses Alice Oatman and Peggy Nixon, 6-2, 6-3, 6-4.

These two players, along with Mrs. O. France, Mrs. H. G. M. Gardner, Miss Marion Elmore and Mr. Bill Ward, competed in the West Kootenay tennis tournament at Nelson over the holiday. Rain on Sunday interfered with the tourney and many of the singles games had to be played inside in the Nelson Civic Centre.

A Tadanac pair, Misses Diana Hanrahan and Betty Wright, triumphed over Mrs. France and Miss Elmore, 6-2, 6-2, in the second round, but these two winners bowed to the champions in the semi-finals.

Says the Nelson News about the fine game put up by the Kelowna ladies in the finals: "The outstanding display of tennis of the whole day was probably the ladies' doubles. The Spokane ladies won every point they received on their merits and deserved the title they won from last year's holders, Mrs. Matthewson and Miss Stubbs. The spectacular play of the four brought a continuous ovation from the crowds which watched, as time and again it was nip and tuck as to who would take the point on a series of a dozen or more returns."

"The Americans took an early lead when they won the first set 6-2, and took a 5-2 lead in the second, only to have the former champions down them 8-6. The final set went to a 4-4 tie, but at last the Spokane duo forced their way to a 6-4 win."

Les Carter, Spokane's hard hitting junior star, downed Bill Ward, of Kelowna, 6-3, 6-1, in the finals. Ward advanced to the finals by defeating Bud Emery, of Nelson, 6-1, 6-3, in the semi-finals.

Miss Marjorie Galbraith, of Penticton, won the girls' junior singles title when she took Miss Jane Diamond, of Tadanac, 6-0, 6-2.

W. Williams, of Trail, and Teddy Romano, of Nelson, beat Bill Ward and F. Morris, of Nelson, in the second round of the men's doubles, 6-2, 6-0.

Mar Jok Captures Prizes At Shoot

Wins Maxson High Aggregate Cup And Award For "Long String"

Mar Jok was chief exponent of the art of trap shooting at the Kelowna traps on Boyce's Field, on Tuesday evening, August 31, capturing two of the major prizes. George Sutherland's five-man team was winner of the team competition.

Scoring 40 points out of a possible fifty, Mar Jok captured the Maxson Cup for high aggregate, and also received a prize for the "long string," with sixteen consecutive birds in a row.

The Latta Cup, for team competition, went to George Sutherland's team, composed of the captain and Dr. Lloyd Day, E. Sproule, A. Staples and Dick Mathews. Five teams entered in the competition.

Unfortunately, the pigeons could not be obtained from the Coast in time for this week's shoot, which had to be postponed.

## KELOWNA PUPILS DO WELL IN SUMMER CLASSES AT COAST

Cook Ryan Heads Participants In Physical Education Training

Kelowna was well represented at the summer classes conducted by the Physical Department of Physical Education, with five pupils taking the course, along with instructor Jack Lynes. The latter, who was instructor in the Kelowna district last winter, has been appointed as Supervisor for the Okanagan Valley, with headquarters in Kelowna, he announced on his return to Kelowna this week.

Miss Marion Todd, Miss Joan McCull, Howard "Cook" Ryan, Joe Zauchner and Sanford Austin were among the Kelowna pupils at the summer course.

### Ninth Out Of Fifty

The most outstanding performer in the Kelowna group was Cook Ryan, who passed ninth in a class of fifty, with an average of 80.8 per cent. This fall he will be on the Vancouver staff of the Department.

"I see a great future in the work for Cook, with his ability and personality," Mr. Lynes told The Courier this week.

Miss Marion Todd, another Kelowna Centre member last year, did well for her first season, passing with an average of 66.6. Although Miss Joan McCull had never been associated with Recreation work before, she did quite well.

Owing to pressure of work, Joe Zauchner had to return to Kelowna after the first two weeks. Mr. Austin, who has been conducting physical education work in the Kelowna Junior High, was quite impressed with the summer course and has stated that he has never taken so comprehensive and thorough a training.

Mr. Austin and Mr. Zauchner will conduct classes this winter at the Kelowna Centre, under the supervision of Mr. Lynes, it is said.

### Start October 1

Most Centres in the Okanagan will open on October 1. Mr. Lynes will be stationed in Kelowna and will devote a great deal of his time to the Kelowna Centres.

Miss Joan List, who has been appointed to the Kelowna Junior High as a physical education teacher, was on the Vancouver staff of the Department under Director Ian Eisenhardt last year and accomplished some noteworthy work at Templeton Centre. Mr. Lynes states, she has agreed to conduct classes in the Kelowna area this winter, besides carrying on her work in the schools.

## KELOWNA HORSES WIN AT KAMLOOPS

"Keen Prince," Owned By Jack Ward, Takes Kamloops Jubilee Derby

Two Kelowna horses performed well at the Kamloops race meet, which commenced on Monday, Labour Day, and concluded on Wednesday afternoon. "Keen Prince," owned by Jack Ward, was second in the Ranchers' Stakes on Monday and won the Kamloops Jubilee Derby on Tuesday afternoon. "Flaming Youth," entered by Mrs. Vic DeHart, placed second in two races.

On Monday, Keen Prince was second to Sunny May, owned by Dr. Irving, of Kamloops, in the Ranchers' Stakes, valued at a \$150 purse. He made a gallant comeback, coming from fourth place to second, but could not quite overcome the winner's advantage.

In the Jubilee Derby on Tuesday, Justa Jones, another favourite from the Vancouver races, made a dive for the stakes, leaving Keen Prince without strenuous competition, and the major portion of the \$100 purse.

Flaming Youth was beaten on Monday by Sunny Iva and on Tuesday by Tableau Vivon, in two especially close races.

## GOLF PRIZES COME TO ORCHARD CITY

Dan Currell Wins Open Seniors Title In Penticton Tournament

Six Kelowna golfers competed at Penticton on Monday, September 6, Labour Day, for the Spencer Cup and other individual prizes. Dan Currell was successful in obtaining the open Seniors event, while Harold Johnson was runner-up to Arthur Basham, of Penticton, for the handicap championship.

George Shaw, Penticton, who won the Interior championship last spring at Penticton, was successful in capturing the Spencer Cup, with Push, of Oliver, as runner-up.

The handicap seniors prize went to Percy Bent, of Penticton. The Kelowna golfers who were competing consisted of Messrs. A. D. Weddell, H. K. Todd, A. Macdonald, Harold Johnston, Dan Currell and Major Quine.

### COCHRANE WINS GOLF

VERNON, Sept. 9.—Arthur "Jimmy" Cochrane won the men's low gross golf title and the Hotel Men's Cup at the Revelstoke golf course on Labour Day.

GRANT TO TENNIS CLUB. PENTICTON, Sept. 9.—The Penticton Council, Tuesday night, decided to make a grant of \$60 to the Penticton Tennis Club, in order to assist that organization in clearing up back indebtedness in regard to taxes.

## HOLIDAY BASEBALL RESULTS

At Penticton—Labour Day  
Penticton Legion Juniors, 8; Sun-  
derland Japanese, 1.  
Penticton, 2; Trail, 1.  
Vancouver U.D.L., 11; Brewster, 6.

Final  
Vancouver U.D.L., 5; Penticton, 3.  
At Revelstoke—Sunday  
Interior League Play-off  
Revelstoke, 11; Kamloops, 8.

This was the second game of the play-offs, Kamloops having won the first. A third game is being played at Kamloops this Sunday. Last Sunday's game was featured by a fist fight between Joe Bernuchi, Kamloops catcher, and Shorts Henderson, Bernuchi knocked out Henderson when the latter pushed him in the face coming from third to home. A near riot resulted and police had to take fifteen minutes to clear the field.

At Oliver—Labour Day  
Copper Mountain, 8; Highland Bell  
Miners, Beaverdell, 6; (11 innings).  
Omak, 6; Copper Mountain, 0.

### SPokane Beats Penticton

PENTICTON, Sept. 9. On Labour Day, Penticton cricketers entertained the Spokane Cricket Club on the local grounds, the visitors being victorious with the score reading 110 for seven wickets against 101 for the locals, all out.

### VOTE ON BURIAL GROUNDS

PENTICTON, Sept. 9. Penticton ratepayers will go to the polls on Saturday, September 25, to vote on a \$10,000,000, for the purchase of additional burial ground.

FARM PRODUCTS BULK  
LARGELY IN CANADA'S TRADE  
British Empire Takes Large Share Of  
Agricultural Exports

Agricultural products accounted for 46.5 per cent of the total exports of Canada in 1936, valued at \$1,015,000,000. The balance of 53.5 per cent of the products exported were made up of non-ferrous metals and products, 26.3 per cent; wood and its products, 21.3 per cent; non-metallic minerals and products, 2.4 per cent; fibres, textiles and products, 1.2 per cent; all other products, 3.2 per cent. Agricultural products at 46.5 per cent of the total, therefore, accounted for as much as non-ferrous metals and products, wood and paper and iron, and its products combined, except for 2 of one per cent.

The 46.5 per cent in agricultural exports was distributed as follows: to British Empire countries, 26.5 per cent; to the United States of America, 17.7 per cent; to the United States of America and 4.8 per cent from other countries. The balance of 76 per cent of the total imports were made up as follows: iron and its products, 21.3 per cent; non-metallic minerals and products, 13.2 per cent; fibres, textiles and products, 15.6 per cent; non-ferrous metals, 5.5 per cent; wood and paper, 4.3 per cent; all other products, 11.1 per cent. Of the total imports, 38.4 per cent came from the United States, 29.8 per cent from the British Empire and 11.8 per cent from all other countries.

The deep blue of the sky was dotted here and there with filmy white clouds. Weekly Paper.

## SOCIAL HAPPENINGS

Please phone any social items to 466

Miss Eileen Conway arrived in Kelowna on Sunday morning for three weeks. Her marriage to Dr. Lloyd Bassett, of Victoria, takes place on Friday, September 24th.

Mr. E. P. Smith left on Wednesday evening for a holiday to be spent at the Coast.

Mrs. B. B. Harvey is visiting in San Francisco at present, the guest of her daughter, Mrs. Ross Sloan (nee Beth Harvey).

Mrs. O. Jemison was a visitor to Pentiction last Thursday.

Mr. E. O. Hughes was a visitor to Pentiction last Thursday.

Mr. and Mrs. C. H. Burns, accompanied by Rev. Dr. and Mrs. W. W. McPherson, left on Wednesday for Good River, Washington, to attend a Rotary Convention.

Mrs. P. Capozzi was a visitor to Pentiction last Thursday.

Mr. J. K. Blackhauler, of Vancouver, was a visitor in Kelowna for several days last week.

Mr. and Mrs. J. Cameron Day have as their guests, Mr. Day's cousins, Mr. and Mrs. Aubrey Day, of Medicine Hat, Alberta.

Mr. G. W. Gough, newly appointed Assistant Superintendent of the C.N.R. at Kamloops, was a visitor in Kelowna for several days last week.

Mr. and Mrs. W. B. Fish and family, of Saskatoon, were visitors in town last week.

Mr. W. T. Moodie, of Vancouver, General Superintendent of the Canadian National Railways for British Columbia, was a visitor in Kelowna for several days last week.

Professor Ira Dilworth, of the University of B.C., arrived in town on Tuesday to visit his brother, Mr. Leslie Dilworth.

Mr. J. J. Flynn was a visitor to Wenatchee during the week-end.

Mr. and Mrs. Dick Stewart returned on Monday from a holiday spent at the Coast.

Mr. Bill Ward was a visitor to Nelson over the week-end.

Mr. and Mrs. Philip Kitley returned last week from the Coast, where Mr. Kitley attended the summer session of the University of British Columbia. Miss Ina-Northington, of Victoria, returned with Mr. and Mrs. Kitley for a short holiday. She left for her home on Monday.

Mr. Sam Morrison, of Vancouver, was a visitor in Kelowna for several days last week.

Miss Louise McDonald entertained a number of friends at the dinner hour on Monday evening, at her home on Pendoli Street.

Miss L. P. Kerr, of Regina, was a week-end visitor to Kelowna on an extensive motor trip.

Mr. "Tiny" Walrod was a visitor to Wenatchee over the week-end.

Miss Josephine McLachlan, of the Kelowna teaching staff, arrived in town on Sunday from her holidays spent at the Coast.

Mrs. Charles Gaddes was a tea hostess on Thursday afternoon, at her home on Abbott Street.

Miss Ruth Sims, of Vancouver, who had been the house guest of her aunt and uncle, Captain and Mrs. L. A. Hayman, for the past five weeks, returned to her home on Saturday evening.

Mrs. J. Nash entertained at the dinner hour on Sunday evening in honour of Miss Winnie Witt and Mr. Jack Butt, whose marriage takes place this Thursday afternoon.

Mr. K. S. N. Shepherd returned on Tuesday from the Coast, where he spent the past week.

Mr. Ed Neff returned on Monday from a month's holiday spent in the east.

Mrs. Ed Neff returned on Tuesday evening from a holiday spent at Nakusp.

Mr. and Mrs. H. W. Arbuckle, accompanied by their daughter, Miss Margaret Aitken, left Saturday afternoon for the east, where they will visit with Mrs. Arbuckle's son, Mr. John Aitken, of Hamilton. Later, Mr. and Mrs. Arbuckle will sail for the Old Country, where they plan to spend an extensive holiday in Scotland and Ireland. Miss Aitken will resume her studies at the University of Toronto this fall.

Guests registered at the Royal Anne Hotel this week include: W. H. Winslow, Seattle; D. E. McKenzie, New Westminster; H. H. Bostock and H. S. Bostock, Ottawa; Mr. and Mrs. K. S. McBean, Seattle; Geo. F. Wales, Vancouver; Dr. McNamee, Kamloops.

Miss Nancy Gale returned on Tuesday from her holidays spent at the Coast.

Miss D. E. McKenzie returned on Saturday from her holidays. She was accompanied by her father, Mr. D. E. McKenzie, of New Westminster, who is spending a holiday with Miss McKenzie.

## EX-ROYALTIES ATTEND WEDDING

Ex-Queen Amelie of Portugal (left), ex-King Ferdinand of Bulgaria (centre) and ex-King Alfonso of Spain (right) are seen leaving Sacre Coeur Church, Ouchy, Lausanne, Switzerland, after the wedding of Princess Dolores of Orleans-Bourbon, Alfonso's niece, to Prince August Czartoryski of Warsaw, Poland, which took place recently.

## WET WEATHER IS DAMPENER FOR WORK ON ROAD

(Continued from Page 1)

trial and Agricultural Workers Association, was praised for its splendid showing, despite the heavy rainfall. They received two Shovel Sheds each, for working two shifts, and included the following: B. Sands, Joseph Chroff, George Famliner, Joseph Slesinger, A. Keller, P. M. Mich, R. Jones, R. Oakes, W. A. Stewart, W. J. Plandin, W. Jacob, Owen Grigg, Percy Boake, C. F. Holloway, A. J. Olson, Frank Williams, J. Vowles, Alvin Wilson, W. Westgate, Eugene Ryan, Harry Chapin, H. V. Craig, Sam Miller, Dave Wright, George Wilderman, R. Slesinger.

A number of those persons who were deterred from working last Sunday, because of the rain, have announced their intention of working next week-end.

### Thursday Work

On Thursday, J. R. Campbell's crew improved about 100 yards of road, cutting off a bad corner and widening to permit two cars to pass. Additional workers are needed for this gang and Mr. Campbell is anxious to hear from volunteers. Transportation difficulties have been confronted by this crew, as well.

A number of persons and stores contributed to the Naramata cause last week, including D. K. Gordon Ltd., cooked meat; Sutherland's Bakery, bread; Mrs. W. D. Walker, butter and jam; Tatt's Dairy, milk; Mrs. R. E. J. Hunt, cash.

"Well, Mike, how are ye these days?" "Bad, mighty bad, sure; 'tis starvation starting me in the face!" "Begorra! It can't be very pleasant for either of ye?"

Mr. and Mrs. P. Harding and son Terry spent the week-end in Kamloops.

Mr. and Mrs. Dick Cope, of Vancouver, are visiting Mr. Cope's parents, Mr. and Mrs. C. W. Cope, on Glenn Avenue, at present.

Miss Doris Ball returned last week from a motor trip to Yellowstone Park.

Mrs. A. C. Lander was a visitor to Pentiction last Thursday.

About sixty friends of Mrs. Jean Maddin honoured her at the tea hour on Tuesday afternoon, at the Willow Lodge, which had been beautifully decorated with colourful gladioli for the occasion. Mrs. E. L. Cross and Mrs. Worman presided at the urns, while Mrs. G. Balfour, Mrs. H. Glenn, Mrs. C. DeMara, Mrs. J. C. Day, Mrs. R. B. Staples, Mrs. L. Dilworth and Mrs. H. Chapin assisted in serving. Mrs. Maddin was presented with a lovely travelling case and handbag. Mrs. Maddin leaves shortly for the Coast.

Mr. and Mrs. J. A. Treadgold had their little son, Miles Coumbrough, christened on Sunday afternoon, at 2.30, at St. Michael and All Angels Church. After the christening, a reception was held at the Royal Anne Hotel. Mrs. C. Reid and the Misses Evelyn Hill, Mrs. Treadgold and Nancy Stiel assisted in serving.

Guests registered at the Willow Inn this week include: Mr. and Mrs. G. Burt, Kamloops; Mr. and Mrs. Clinch, Vancouver; Mr. and Mrs. Shirras, Kamloops; R. A. Mowat, Westside; Mr. and Mrs. A. C. Dziel, Okanagan Landing; Mr. and Mrs. Hardeste and family, Vernon; Mrs. H. M. Joel-Taylor, Oliver; Mrs. and Miss L. Plumber, North Vancouver; A. J. Smith, Sumnerland; J. A. Tait, Vancouver; W. Wilk, Kelowna; Miss Grace Berry, Kelowna; H. S. Chadwick, Vancouver; A. H. Cameron, Vancouver.

## IRIS READILY ADJUSTS ITSELF TO INDOORS

Attractive Plant Gives Good Results With But Little Attention

(By G. R. Thorpe, Dominion Experimental Station, Summerland)

One may look far afield before finding an attractive plant and flower that requires little attention, survives smoke, dust, and bitter weather, and yet gives great variation in colour, bloom and fragrance. But these requirements are met by the iris, "the old-fashioned flower"—better known to some as the flag.

The iris is divided by root formation into two major groups: those developing from thick fleshy roots, called rhizomes, and those arising from a bulb. Since the bulbous irises are the most beautiful of the iris family (being as they are in colour and form as many of the famed orchids) their popularity should not lag. There is a common belief that the English, Dutch and Spanish bulbous irises are not hardy in open gardens. Data from Amherst, Mass., show these bulbs withstood the severe winter of 1934-35, when thousands of apple trees perished. The cultural practices of the bulbous irises, briefly, are the same as for hardy tulips.

For indoor production, ordinary garden varieties such as Kochii, Kharid, Cyanea, Schneekuppe, White-Edge, Orange Queen and Bride, which have comparatively short erect foliage, are the most suitable.

To procure bloom for the late winter days of February and March necessitates lifting clusters of convenient size for shallow 6 to 8-inch pots, supplied with adequate drainage and light soil. It might be well to add that the rhizomes should not be completely covered by soil, but sufficient soil to cover roots emerging from the base of the rhizomes should be used. Allow these pots to receive the first frost, then remove to a cool dark situation where the frost will gradually come out. In late December, as is done with tulips, gradually introduce the pots to the sun, watering only when the soil becomes dry. After the plants have bloomed, plunge the pots in the garden and feed well.

One of the greatest mistakes habitually made by flower enthusiasts is the cutting of full blown flowers for house decoration. Especially does this apply to irises. To obtain the maximum of beauty and longevity from this flower, remove the clusters when the top bud is just nicely broken. Cutting with a sharp knife to prevent crushing of the vascular system, plunging immediately into ice water, and placing in a dim light, lengthens the period of show effectively. Bright sunlight rapidly fades all bloom and causes their beauty to be short-lived. As with most flowers, it is a good practice to cut irises early in the morning.

In the production of iris, species are readily reproduced from seed, showing very slight variation in colour, form and stature, but garden varieties seldom reproduce themselves true to type from seed. The most common method of propagation is the division of the rhizomes in the rhizomatous group. In severing the rhizome, be careful to leave a small section of the crown with each division. For the bulbous iris, the small bulblets forming beneath the large bulb can be removed and grown to flowering size.

When choosing varieties, it is well to keep in mind the geographical location, and to procure those plants which are related to iris pallida and iris vari-

## ALL SET FOR THE BIG FAIR

Display Of Exhibits At Armstrong Will Cover Wide Area

Entries, which closed on Saturday, were received over a wide area for the Interior Provincial Exhibition at Armstrong next week. The increasing wider range of farm production throughout the province, and particularly in the Interior, is warranting the use of the Exhibition for publicly purposes and, of course, is making for more attractive displays.

The Manager, Mr. Mat Hassen, reports that in the live stock classes there will be keen competition in practically all of them and judging will be worth following closely. Other sections are generally strong, with accommodation being taxed.

The entertainment features are developing splendidly. Work is under way in the construction of corals and fences for the rodeo, and leading cowboy stars have signified their intention of taking part. Captain Green's Lancers, with their musical ride and tent-circus, will put on displays Wednesday and Thursday. Mr. Martin will be on hand from Maple Creek, Sask., with his famous sheep-dogs for trials on both days. The Midway, with rides, wheels and shows, will be open for the entire show.

Special features for Thursday will be the Kildonan Pipe Band and the Sea Scouts Trumpet Band from Vernon. There will be dances both on Wednesday and Thursday nights. The old-timers reunion and dinner will take place at noon on Wednesday and the banquet for Junior Judges on Wednesday night. On Thursday night will be held the big Amateur Hour in the Drill Hall with prizes and the draw for the lucky holder of the ticket that will get a sedan.

The ladies' rest room accommodation has been improved and an attendant will be in charge of the rest room in the Drill Hall.

Commercial exhibits are going to be much more extensive. Amongst those who are taking space are International Harvester, De Laval, Beatty Bros., Dominion Drag Saw, Arthur Tomkinson Bros. furniture, Armstrong Co-operative Society, Pure Foods, Robin Hood Mills, Interior Creameries, Okanagan Egg Producers and B. C. Pea Growers.

Never has so much work been done to make this year's exhibition attractive to both exhibitor and visitor. The Interior Provincial Exhibition is yearly gaining in popularity and has obtained press comment from the Coast to Saskatchewan.

"But you guaranteed that this watch would last me a lifetime."  
"I know—but you didn't look very healthy the day you bought it."

egata for northern sections, and progeny of iris mesopotamica and iris troyana for warmer climates. However, as there is no fixed rule or line of demarcation where one or the other will grow, it is a good practice to test desired varieties by importing two or three roots and taking note of their reactions. If this is to be done, study must be made of controllable factors such as soil, moisture and exposure, and, if these are favourable, winter hardiness is the determining factor of success or failure.

Although an infinite number of beautiful varieties are available, enthusiasts and breeders are still seeking for improvement and many new sorts are introduced every year.

Mr. Wm. Godfrey, Head Gardener at the Morden Experimental Station, states that no attempt is made there to keep up to date with recent introductions, but additions to the collection are made regularly, and he gives the following list as new to the station but selected as superior to older varieties: Paleon, smoky pale yellow and lavender blend, suggestive of a larger Quaker Lady. Tenabrae, large, dark violet and purple. Antares, cream and deep violet splashed. Mystic, pure white, violet veined. Alice Ailsen, pale bluish lavender. Mount Royal, large violet and purple. Vega, smoky yellow and plum purple. Evadne, old rose, violet shaded. Etoile de Matin, cream, blue tinted. White Queen, pure clear white. Delight, white, lilac veined. Romance, old rose suffused violet. Citronella, light yellow and bright maroon. Ann Leslie, white, blue tinted and bright purple.

Darby, Joan and Nancy Lee are very vigorous sorts introduced by Mr. F. L. Skinner, Dropmore, Manitoba. They are noted at the Morden Experimental Station for floriferousness and have special merits for mass or landscape planting.

## New R. C. Bishop Of Pembroke

Msgr. Leo Nelligan, former Vicar-General of the Roman Catholic archdiocese of Edmonton, has been appointed Bishop of Pembroke, Ont. Ordained in Tignish, P.E.I. in 1925, he has been associated with St. Joseph's Cathedral in Edmonton, for the last nine years.

### UNIQUE SERVICES AT UNITED CHURCH

New Rutland Minister To Officiate In Morning And Anglican Rector In Evening

The services at the United Church next Sunday will be unique in various ways.

At the morning service, the new minister of the Rutland-Benvoulin-Glenmore charge, the Rev. A. C. N. Pound, M.A., B.D., will be the preacher. This will be in the nature of an introduction of Mr. Pound to the Kelowna congregation.

In the evening, the Rector of St. Michael and All Angels Church of England, Rev. C. E. Davis, M.A., will be in charge of the service. This is indicative of the very fine Christian fellowship which exists between these two churches in Kelowna.

Rev. Dr. W. W. McPherson expects to take over his pulpit work on Sunday, Sept. 19th.

"Now," said the school teacher, "give me a definition of space."  
Junior stood up flustered and red. "Space," he began, "is where there is nothing. I can't explain it, exactly, but I have it in my head all right."

**GOOD TURN IS REPAID**

An unusual good turn performed twenty-five years ago resulted in a still continuing friendship between the Boy Scouts of Hastings and St. Leonard's, England, and the Scouts of Portage, Canada. In 1912 the Portage steamship Oceana was wrecked off Earthquake, and the bodies of two seamen were washed ashore at St. Leonard's. Members of the 2nd Hastings Scout Group arranged for

their burial at the Borough Cemetery. The Portuguese Government, on learning of this, invited the entire Hastings Scout Group to pay a visit to Lisbon, where they were entertained with great cordiality. Continuing the friendship, the Hastings and St. Leonard's Scouts entertained a number of Portuguese Scouts on their way to attend the World Scout Jamboree to be held in Holland this summer.

**FURTHER PROGRESS WITH THE MISSION COMMUNITY HALL**

Studding And Plates Erected—Over Twenty Volunteers Have Contributed Labour

OKANAGAN MISSION, Sept. 9.—Very satisfactory progress was made last week with the building of Okanagan Mission's Community Hall, and a good deal more has been accomplished than was originally planned for this time. Studding and plates have been erected, and a certain amount of diagonal sheeting put on to provide bracing on all four walls. One more day of work, on Thursday, Sept. 9th, is planned to round off the present stage of construction. More than twenty volunteers so far have contributed labour, and their efforts have been cheered by welcome gifts of fruit, as well as the tea provided for them each afternoon of last week.

The car of the fruit-grower is now attached to the occasional melancholy thud of falling McIntosh apples, and by Monday, the 13th, picking of this variety, to ease the strain, will start in a number of orchards.

Sunday School will be resumed next Sunday, Sept. 12th, and will be held as usual at 10 a.m. in St. Andrew's Church.

Mr. and Mrs. Sidney Davis and Bob Davis left on Wednesday, 1st Sept., by car on a visit to the Coast over the week-end holiday. They were accompanied by Mrs. Sealy and returned on Sunday.

Miss J. Topham Brown, of the B.X., Vernon, was a visitor last Friday at the home of Mrs. Wadsworth.

Mr. and Mrs. Marchbanks left for the Coast by train last Saturday, following a fortnight's visit here as guests of Mrs. Fuller.

Mr. Henry Hobson returned recently from Dec Lake, where he has been staying for the past fortnight.

Mr. Peter Mallam returned at the beginning of the week from a visit to Toronto.

Mr. H. C. S. Collett and Mr. Leicester Collett were visitors in Kamloops this week, attending the Exhibition there.

Capt. J. Horn and Mr. T. Wadsworth returned last Tuesday from a week's visit to the Coast.

Mr. Victor Wilson returned from Naramata last Sunday in preparation for the re-opening of school on Tuesday.

Mrs. Haverfield and Miss Welch motored to Penticton last Tuesday and spent the night there, returning next day. Miss Joyce Haverfield accompanied them to Penticton on her way to school at Strathcona Lodge, Vancouver Island.

Mr. and Mrs. J. Fergusson left by car for the Coast last Tuesday, after spending some weeks in the Mission.

Miss Browne-Clayton left on Monday on her return voyage to England. She has been the guest of Mr. and Mrs. L. D. Browne-Clayton for the summer months.

**BUSINESS MAN NOT ONLY ONE TO LOSE**

Mayor Prowse Points Out Cost Of Bogus Cheque Passing

VERNON, Sept. 9.—That a merchant who cashes a bogus cheque is not the only one who loses, was brought to the attention of the Board of Trade at its opening fall meeting by Mayor E. W. Prowse.

A great many "no account" cheques have been accepted in Vernon recently. His Worship pointed out. There is absolutely no reason for this, he declared, except greed on the part of the merchant and fear that he would lose a sale, often a very small one.

The City of Vernon is directly concerned in this matter, as cost of apprehension of those responsible and transportation back to Vernon to stand trial is borne by the city and eventually by the taxpayers, Mayor Prowse declared.

He suggested that the Business Men's Bureau should get together and see that the individual merchants accept no cheques from unknown persons unless they are properly certified.

Mayor Prowse's stand was applauded by those present and President Richard Peters stated that almost all store owners have now given strict orders to their employees covering acceptance of cheques.

**NOVA SCOTIA GIRL BRAVES ATLANTIC STORM**

Nineteen-year-old Marian Geldert was one of the crew of a Nova Scotia sailing ship which ran through an eight-day storm while crossing the Atlantic from Newfoundland to Preston, Lancashire. Several times the skipper, her father, believed the vessel, the James E. Newsome, could not outrun the weather. At the very height of the tempest, with every man needed, the mate sustained a broken leg.

**MORE INTEREST IN ROAD WORK URGED**

Junior Board Members Told They Must Participate To Greater Extent

That the Kelowna Junior Board of Trade is not taking enough interest in the Kelowna-Naramata road work this year, and that more members should aid each Sunday, was impressed upon the September meeting of the Junior Board at the Royal Anne on Friday evening by Messrs. Harry Witt and Roy Hunt.

These two men, together with Mr. Ed Harvey, were delegated as a committee to contact Junior Board members and endeavour to have between ten and fifteen, at least, working on the new construction each week-end.

It was mentioned at the meeting that a logging road would soon be started from Paradise Ranch to the southern end of the Canyon, so that as soon as the workers from this end reach the Canyon only a small amount of new construction will have to be undertaken.

About two and a half miles of new road remains before the volunteers reach the Canyon, it was said, four miles of new construction having been completed in the past year.

Chairman Dick Parkinson impressed the members with the importance of this new road. When the Big Bend highway is completed next year the Okanagan will be flooded with more travellers than were ever dreamed of, he stated, and the ferry service will be entirely inadequate. The west side of the lake is being looked after, he continued, and will be entirely hard surfaced within two years.

**MAYOR OF CHILLIWACK STARTS CANNERY WORK**

Fraser Valley's Corn Harvest Receives Official Recognition

Civic leaders of Chilliwack officially began the Fraser Valley corn canning season on September 2, when Mayor Ivan Hurdall placed the first cob of corn beneath the machinery at Chilliwack cannery.

The Mayor pulled the master switch putting the machinery in operation and started the first cob off under the flashing blades of the husking machine. The cob is the first of four million which will be packed in Royal City Brand cans this season.

Mr. K. A. Boyd, President of the Chilliwack Board of Trade, and Mr. E. G. Smith, immediate past president, also participated in the annual opening ceremonies.

It was stated that close to a million cans of Fraser Valley corn will find their way to the grocery shelves of Canada this year. The corn used in production of Royal City Brand cans would be sufficient to provide every B.C. resident with nearly a half dozen ears.

The canning staff started operations in full swing, ready for 24-hour production, as soon as the Mayor and the Board of Trade officials completed an inspection of the plant.

Mayor Hurdall explained that the ceremony was meant to honour the part taken by the Fraser Valley's corn harvest in the increasing prosperity of Chilliwack.

"Now you must go to bed, Jackie. I always go to bed with the hens." "But, auntie, how do you manage to cling on to the perch?"

**WESTBANK SEEKS ELECTRIC POWER**

Newly-Formed Chamber Of Commerce Presses For Service

With the idea in mind of promoting work for the betterment of the community, the Westbank Chamber of Commerce has been formed in Westbank, members of the Junior Board of Trade were informed at a supper meeting at the Royal Anne on Friday night, by two members of the newly-formed Executive at Westbank, Messrs. Charles Butt and Frank Jones.

One of the principal projects under way at the present time is the obtaining of electric light service for the Westbank community. A contact has been obtained with the West Kootenay Power & Light Co. it is understood, and Mr. Lorne A. Campbell, General Manager of the power company, will visit Westbank on his next trip to the Okanagan, and discuss the feasibility of the project.

If undertaken, the West Kootenay would lay cables across Okanagan Lake from Kelowna, it is believed.

The Westbank citizens were given an enthusiastic welcome from the Junior Board members.

**THE CANADA YEAR BOOK**

1937 Edition Contains Over 1,100 Pages

Publication of the 1937 edition of the Canada Year Book, issued by authorization of the Hon. W. D. Euler, Minister of Trade and Commerce, is announced by the Dominion Bureau of Statistics. The Canada Year Book is the official statistical annual of the country and contains a thoroughly up-to-date account of the natural resources of the Dominion and their development, the history of the country, its institutions, its demography, the different branches of production, trade, transportation, finances, education, etc.—in brief, a comprehensive study within the limits of a single volume of the social and economic condition of the Dominion. This new edition has been thoroughly revised throughout and includes in all its chapters the latest information available up to the date of going to press. It extends to over 1,100 pages, dealing with all phases of the national life and more especially with those susceptible of statistical measurement. A statistical summary of the progress of Canada is included in the introductory matter.

Persons requiring the Year Book may obtain it from the King's Printer, Ottawa, as long as the supply lasts, at the price of \$1.50, which covers merely the cost of paper, printing and binding. By a special concession, a limited number of paper-bound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain copies at the nominal price of fifty cents each.

**KILLED BY FALLING TREE**

VERNON, Sept. 9.—Harry Massey was killed on Friday last in Creighton Valley when he was fighting a forest fire. A large tree crashed down and crushed the unfortunate young man to death. He had only come to the Valley from Lumby a few days before. Born in England, the late Mr. Massey was a recent comer to Canada.

Tim: Did you enjoy your hike out in the country?  
Sh: "No, we had to walk most of the way."

**RUTLAND**

RUTLAND, Sept. 9.—The annual convention of the Canadian Forestry Association, "Moore Van" took place on Saturday evening, and the Community Hall was filled to capacity with residents, young and old, who came to view the fine films of wild life, wood land scenery and firefighting shown by Mr. Bramham with his up-to-date "talkie" projection machine.

Mr. and Mrs. Stan Horvath, of Vancouver, were visitors to the district during the past week, returning to Vancouver by car on Saturday.

Dr. J. Ferguson, of Toronto, who has been spending the holidays in the Kelowna district, was the speaker at a meeting in the United Church, held under the auspices of the A.O.E.S. Club, on Friday evening last. The speaker took for his subject "The Development of Personality," and the address proved particularly interesting and inspirational.

Miss Ellen Fitzpatrick, daughter of Mr. and Mrs. E. "Bud" Fitzpatrick, of Kelowna, B.C., who had been visiting relatives in this district, returned home on Saturday.

Mr. Dudley Fitzpatrick, of Vancouver, was a visitor here for a few days during the past week.

Miss Shirley Gray returned on Saturday from a four weeks stay with relatives at Britannia Mines and Langley Prairie.

Father Paul Jansen, for many years past the resident priest in charge of the local Roman Catholic church, has been transferred to Revelstoke, leaving for his new parish on Tuesday. Rev. Father A. L. de'Leistre, formerly of Fernie, B.C., is the newly appointed priest for the Rutland church.

Miss Mary Kidd, primary teacher in the Rutland School, and her mother Mrs. M. Kidd, have taken up their residence in the small cottage formerly occupied by Mr. and Mrs. Len McKillop.

**THE CHURCHES**

**THE UNITED CHURCH OF CANADA**  
First United, corner Foster St. and Bernard Avenue.  
Rev. W. W. McPherson, M.A., D.Th., Organist and Choir Leader. Card S. Mosson, A.T.C.M., J.C.C.L.

11 a.m. Rev. A. C. N. Pound M.A. D.D., Rutland.  
7:30 p.m. Rev. C. E. Davis, M.A. St. Michael and All Angels.

**CHRISTIAN SCIENCE SOCIETY**  
Cor. Bernard Ave. and Bevan St.

This Society is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Services: Sunday, 11 a.m.; Sunday School, 9:45 a.m.; First and third Wednesdays, Testimony Meeting, 8 p.m. Reading Room open Wednesday and Saturday afternoons, 3 to 5 p.m. 5-tc

"I have decided to ask mother to come and join us during September."  
"But, darling, I was only joking when I said that I would not buy you that hat."

The Rutland School, and her mother Mrs. M. Kidd, have taken up their residence in the small cottage formerly occupied by Mr. and Mrs. Len McKillop.

Services at St. Aidan's (Anglican) Church during September will be as follows: Sept. 12th, Evensong and Sermon at 7:30 p.m. Sept. 19th, Holy Communion, 9:30 a.m. Sept. 26th, Matins, Holy Communion and Sermon, 11 a.m.

Mrs. Ivan Kerns, of Seattle, Wash., drove up by car to visit her parents, Mr. and Mrs. R. T. Ritchie, returning on Saturday. Mrs. Kerns is a District Health Nurse for an area adjoining the Washington city.

## FINE DISPLAY OF EXHIBITS AT THE PEACHLAND FAIR

Excellent Showing Of Fruit, Flowers, Needlework And Home Cooking

PEACHLAND, Sept. 9. Captain C. R. Hall, M.L.A. for South Okanagan, was present on Thursday afternoon to officially open the Fall Fair and Flower Show arranged by the Women's Institute. He commended the organization for their energy in arranging the show and praised the work which they did in every community. He expressed his pleasure at being able to present the King's Coronation medal to Reeve H. F. Gummow, explaining that the Mayor and Reeves of each community in Canada were being remembered in this way.

Reeve Gummow, in replying, said that he felt the honour of receiving this medal, but that it was a tribute not to him personally but to the community which he represented. The fair was well attended, with a variety of fine exhibits showing the energy that had gone into this most successful undertaking. Fruits and flowers made a fine showing, with the cooking making an excellent display. The needlework department was very fine, but with fewer entries than the other sections. The judging was done by Mrs. Scott, of Penticton, and Mr. J. Tait, of Summerland.

The prizes were awarded as follows:

**Section 1. Cooking and Canning.**  
Loaf of White Bread made from Hoover's Flour.—1. Mrs. C. F. Bradley; 2. Mrs. H. Ibbotson.

Loaf of Whole Wheat Bread made from Hoover's Flour.—1. Mrs. C. F. Bradley; 2. Mrs. P. Gaynor.

Six Individual Raised Currant Buns.—1. Mrs. P. Gaynor; 2. Mrs. A. Small; 3. Plain Layer Cake made with Mad-Kin's Baking Powder.—1. Mrs. N. Evans; 2. Mrs. E. Hunt.

Iced Layer Cake.—1. Mrs. E. Hunt; 2. Mrs. O. Keating.

Sultana Cake.—1. Mrs. A. Small; 2. Mrs. C. Duquemin.

Chocolate Layer Cake.—1. Mrs. E. Hunt; 2. Mrs. O. Keating.

Spice Cake, Watkins' recipe.—1. Mrs. C. Duquemin; 2. Mrs. O. Keating.

Plain Whole Wheat Muffins.—1. Mrs. C. Lang; 2. Mrs. C. F. Bradley.

Gingerbread.—1. Mrs. T. Twinn; 2. Mrs. O. Keating.

Baking Powder Biscuits, Blue Ribbon Competition.—1. Mrs. F. C. Bradley; 2. Mrs. N. Evans; 3. Mrs. H. Ibbotson.

Applesauce Cake.—1. Mrs. A. Small; 2. Mrs. O. Keating.

Assorted Cookies.—1. Mrs. T. Twinn; 2. Mrs. O. Keating.

Jelly Roll.—1. Mrs. O. Keating; 2. Mrs. C. F. Bradley.

Fruit Drop Cakes.—1. Mrs. T. Twinn; 2. Mrs. C. C. Heighway.

Apple Pie.—1. Mrs. H. Ibbotson; 2. Mrs. P. Gaynor.

Crisp-Cross Pie.—1. Mrs. T. Twinn; 2. Mrs. O. Keating.

Six Lemon Cheese Tarts.—1. Mrs. O. Keating; 2. Mrs. T. Twinn.

Crystallized Fruits.—1. Mrs. P. V. Dorland; 2. Mrs. R. Stewart.

Pound of Butter.—1. Mrs. R. Stewart; 2. Mrs. E. Young.

Honey.—1. Mrs. C. C. Heighway; 2. Mrs. C. F. Bradley.

Collection of Canned Fruit.—1. Mrs. C. F. Bradley; 2. Mrs. C. C. Heighway.

Collection of Jellies.—1. Mrs. T. Twinn; 2. Mrs. H. Ibbotson.

Collection of Pickles.—1. Mrs. R. Stewart; 2. Mrs. P. Gaynor.

Home-Made Vinegar.—1. Mrs. J. Lingo; 2. Mrs. A. Small.

Collection of Canned Vegetables.—1. Mrs. C. F. Bradley; 2. Mrs. J. Lingo.

Home Made Soap.—1. Mrs. J. Lingo; 2. Mrs. R. Stewart.

Deep Meat Pie.—1. Mrs. T. Twinn; 2. Mrs. A. Small.

One Dozen White Eggs.—1. Mrs. T. Twinn; 2. Mrs. C. C. Heighway.

One Dozen Brown Eggs.—1. Mrs. J. Lingo; 2. Mrs. A. Small.

Dinner, one meat, one fruit, one vegetable, canned in glass.—1. Mrs. P. Gaynor; 2. Mrs. C. Duquemin.

**Section 2. Flowers**

Six Gladioli and Six Asters, Dr. Harris Cup.—1. Mrs. T. Twinn; 2. Mrs. P. N. Dorland.

Dahlias, six blooms.—1. Mrs. P. N. Dorland; 2. Mrs. P. N. Dorland.

On Cactus Dahila.—1. Mrs. P. N. Dorland; 2. Mrs. P. N. Dorland.

Roses, six in one container.—1. Mrs. B. F. Gummow; 2. Mrs. C. C. Heighway.

Asters, six blooms two colours.—1. Mrs. R. Stewart; 2. Mrs. C. C. Heighway.

One Comet Aster.—1. Mrs. R. Stewart; 2. Mrs. C. C. Heighway.

Petunias.—1. Mrs. R. Stewart; 2. Mrs. T. Twinn.

Gladioli, six stems.—1. Mrs. T. Twinn; 2. Mrs. J. Lingo.

Collection of Garden Flowers, annuals.—1. Mrs. T. Twinn; 2. Mrs. R. Stewart.

Zinnias.—1. Mrs. P. N. Dorland; 2. Mrs. J. Lingo.

Snappers.—1. Mrs. T. Twinn; 2. Mrs. C. C. Heighway.

Collection of Everlastings.—1. Mrs. P. N. Dorland; 2. Mrs. C. C. Heighway.

Centrepiece of Flowers for Dining Table.—1. Mrs. T. Twinn; 2. Mrs. P. N. Dorland.

**Section 3. Amateur Photography**

Six Snaps, Mounted.—1. Mrs. C. Duquemin; 2. Mrs. A. C. Vincent.

**Section 4. Juniors**

Plain Sewing, girls under 14.—1. Vivian Vincent.

Layer Cake, iced, girls under 14.—1. Kathleen Wright; 2. Dorothy Gaynor.

Bread, girls 16 and under.—1. Kathleen Wright; 2. Dorothy Gaynor.

Bird House, boys 16 and under.—No entry.

Flower Stand, boys 14 and under.—No entry.

Dressed Doll, girls 14 and under.—No entry.

Collection of Wild Growth.—No entry.

**Section 5. Needlework**

Luncheon Set, embroidered in colours.—1. Mrs. P. Gaynor; 2. Mrs. T. Twinn.

Centrepiece, embroidered in colours.—1. Mrs. E. H. Trimble.

Cross Stitch.—1. Mrs. G. Lang.

## DESTRUCTION OF 1932 REPEATED IN SHANGHAI

This picture shows some of the destruction wrought by artillery fire and bombing during the conflict between Chinese and Japanese forces in Shanghai in 1932. According to dispatches, the havoc caused by the present warfare is on a far larger scale, with a huge toll of casualties to the civilian population as well as the contending troops.

The road bed is still very rough, but the work on the new road over the "Bump" is practically finished. The road is now very wide at this point, with a gradual grade from either side, so that the curve is very slight.

Hard surfacing of the road between Summerland and Peachland now ex-

## PARIS IS DRAB AND NEEDS PAINT SAYS MR. F. M. BUCKLAND

Describes Visit To France Before Junior Board Of Trade Meeting

Giving a clear outline of Paris and France, as gained from his recent trip to the International Rotary Club convention, at Nice, Mr. Frank Buckland proved an interesting speaker to the Junior Board of Trade September meeting at the Royal Anne on Friday evening.

Paris did not greatly impress this Okanagan visitor, as it is a drab city, with buildings not more than five or six stories in height, and the whole place lacked a touch of brightness. It needed a coat of paint, he thought.

The Palace of Versailles is a gorgeous place, and the Louvre, with its art treasures, proved interesting, but he could not get any clear picture of the city, as the ground haze obscured the view.

**Intense Traffic In Paris**

Traffic is intense in Paris, he said, and some 600,000 cars pass a given point daily. He was taken with the accuracy of the Parisians driving ability, as well as with their capability of making a tremendous amount of noise with their car horns.

One point of interest to Mr. Buckland was the type of tools and machinery used. He noted a carpenter plying his trade, using tools which no self respecting boy would bother with in this country. In the farming districts, wheat was being harvested in the same manner as the farmers' ancestors centuries ago applied.

The cost of living in Paris he found to be moderate, and in the French hotels one is not bothered with the tipping system. Five per cent is added to your bill, and that money is distributed to the servants in lieu of tips, a system which is far superior to that of London, he said.

Corridor trains, lacking in window screens, do not provide the accommodation enjoyed in this country. Air conditioning is unknown, he found.

**Beautiful Country**

But in travelling from Paris to Versailles and then to Nice, Mr. Buckland was entranced with the country which unfolded itself before him from the train windows. The section of France bordering on the Atlantic Ocean is clean and bright, and the houses are spotless and present a colourful picture, with their red tile roofs.

At Monte Carlo the homes are extremely beautiful, but he was struck with the monotony of the gambling rooms. Absolute silence reigns in the rooms, and for the gamblers it is a solemn occasion, and not a recreation, by any means.

Mr. Buckland was struck with the small villages situated on barren looking crags. These scattered settlements have been in existence for more than three thousand years, and the inhabitants have not progressed with the times. How they can make a living there was more than the speaker could understand, for "there is not enough vegetation there to feed two grasshoppers and a gopher," he said.

The speaker introduced a jocular note when he stated that there is no difference between the French and Italian peasants. They all drink wine, and do little else. So what are they fighting for?

His return trip to Paris, along the Seine River, was beautiful in the early morning, with the fortified farms and quaint, old villages being reflected in the clear waters of the river.

**Exposition Surprising**

In his concluding remarks Mr. Buckland spoke of his visit to the Paris Exposition. To his amazement he found that only three of the main exhibits were in readiness, in June, al-

though the Exposition had been opened in May. Germany, Italy and Russia had completed their arrangements, workmen to the Exposition to build the villages. Canada's was a disgrace, he said, and the French workmen stopped work every few minutes to consume more wine.

Two of the smaller countries, the Swiss and the Dutch, had finished their villages, as well.

In the German village, Mr. Buckland found that nude paintings were much in evidence, in direct contrast to the displays of the Russians. The Russian exhibit contained no trace of the country prior to the Revolution.

The speaker was introduced by Mr. Bill Embrey, while Mr. Don Whitlam proposed the vote of thanks.

A wag who thought to have a joke at the expense of a provision dealer, said: "Can you supply me with a yard of pork?"

"John," said the dealer to his assistant, "give this gentleman three pig's feet."

Parent: "Do you find that Jack works hard?"

Teacher: "He likes doing nothing better."

# in TOWN and COUNTRY

4 out of every 5 miles you drive are Stop and Go

YOUR own driving experience tells you you can't GO very far these days without STOPPING!

That's why stop and go is costly! One stop can waste enough gasoline to take you 1/3 of a mile!

Shell engineers, recognizing the high cost of stop and go, have developed a way to "balance" gasoline. By completely re-

arranging its chemical structure, this process does to gasoline what cooking does to food—makes it "digestible."

Hence, under all driving conditions—starting, shifting gears, accelerating—your engine gets the full benefit of Super-Shell's high energy content.

Try Super-Shell next time. There's a Shell dealer near you.

## HITLER AT MUSICAL FESTIVAL

Adolf Hitler is seen acknowledging the cheers of the crowd in attendance at the recent musical festival at Breslau, Germany.

## NEW YORK AS CITY OF SKYSCRAPERS

Mr. Harry Mitchell Tells Of His Tour Around Big City

Instead of taking his audience on a tour of Scotland, which he visited recently, Mr. Harry Mitchell introduced the Junior Board of Trade members at the September meeting at the Royal Anne on Friday, to some of the interesting aspects of his tour of New York.

This huge city proved quite interesting to Mr. Mitchell, the huge battery of skyscrapers and the immensity of the entire layout being practically awe-inspiring.

His chief topic was the Rockefeller Centre, which occupies some three city blocks and contains the R.C.A. building, some 70 stories high. Skyscrapers, he said, are really cities within themselves, and many of them contain 20-

000 workers, and have daily visits from some 100,000 other persons.

Mr. Mitchell elucidated on the wonders of Radio City, of the air-conditioning system in use, of the huge theatres where broadcasting programmes are introduced, and of the control rooms. A one hour programme means 36 hours of rehearsing, he had been told.

From the top of the Empire State building huge liners in the Hudson River looked like tiny insects. The Statue of Liberty also caught his fancy, as it is much larger than most people imagine. A winding staircase extends upwards inside this huge figure, and forty persons can be accommodated in the head and another twelve in the torch, alone.

Thanks of the Junior Board were extended to Mr. Mitchell for his excellent address by Mr. Cooper.

Persistent Hobo (successful at last): "Thanks, lady. Is there anything I can do by way of return?"  
Housewife (shortly): "Yes—don't."

## KELOWNA GROUP TELLS VERNON OF TRAIL PROSPECTS

Okanagan-Cariboo Trail Association Plans Big Caravan To Revelstoke

IMPORTANT YEARS AHEAD

Big Bend Country Opening Means Greatly Increased Tourist Traffic

VERNON, Sept. 9. An increased interest in the work of the Okanagan-Cariboo Trail Association among business men in this city will now be forthcoming, it seems certain, following developments at the Board of Trade's first full meeting in the National Cafe on Friday evening of last week.

Four Kelowna men, R. G. Rutherford, Secretary-Treasurer of the Association, J. B. Spurrier, a Director, Harry Broad, Vice-President, and Geo. Morrow, Chairman of the Junior Board of Trade's Transportation and Roads Committee, attended the gathering. They pressed for a more active interest in the organization's work among residents of Vernon, and the decisions of the meeting in this regard appeared highly satisfactory to them.

## Appoint Directors

Two directors from this city were appointed by the meeting to the executive of the Okanagan-Cariboo Trail Association. They are D. J. "Dell" Robison and Jack Ascroft. The local Junior Board of Trade's representative to the Senior Board's gathering, Frank Baldock, declared that his organization was greatly interested in the questions of increased tourist travel, and he was assured by Mr. Rutherford that the Association would welcome appointment of an additional director from that body. This will likely be accomplished in the near future.

A caravan, with eight or ten cars from Washington points and others from other centres, will proceed to Revelstoke on September 19 and 20, Mr. Broad said, and the executive of the Okanagan-Cariboo Trail Association is anxious to have a good representative from Vernon. Some autos will undoubtedly go, President Richard Peters declared.

It is the purpose of the caravan to stimulate interest in completion of the trans-Canada highway and to acquaint members with what is being accomplished on the Big Bend section. Two Washington men are in charge of arrangements, and final details, when received, will be given to the two new directors in this city, Mr. Broad said.

The caravan will go to Revelstoke on Sunday, September 19, and possibly will hold a meeting of the Association there. A ride out the Big Bend road is planned, and Monday will be used for the return journey. With the completion of the trans-Canada highway looked for within the next 18 months, Revelstoke is showing greatly increased enthusiasm in the work of the Association, speakers emphasized.

Mr. Spurrier, known throughout the Okanagan for his interest and enthusiasm in promoting the tourist trade, spoke briefly outlining the glories of the Big Bend route. "I saw the grandest scenery I've ever seen from the Atlantic to the Pacific," Joe declared, "and, boys, I want to tell you the fishing's grand." There are at least six streams along the route, he said.

## Outlines History

A short history of the Association and an appeal for more active support from Vernon were made by Mr. Rutherford, in a brief address. In 1921 or 1922, the Okanagan-Cariboo Trail Association was incorporated under the laws of British Columbia and of the State of Washington, he said. "It is purely and simply an organization for the benefit of the community," he said, and a feature is its international character. Most of Washington is actively engaged in the work, and the Association has affiliations right down to California. Literature and publicity, of immense value, is thus distributed down the entire Pacific Coast.

In Kelowna the benefits derived are recognized, but Penticton and Vernon have been less enthusiastic. Approximately \$1,500 was raised and of this amount Washington contributed \$1,000. Most of the remainder came from Kelowna.

The next 18 months, until the opening of the Big Bend, will be among the most important in the Association's history, Mr. Rutherford declared. It is imperative that preparations be made now to receive the flood of visitors from prairie points and from the United States that will travel into the valley.

The Board of Trade's appreciation of the visit of the Kelowna delegation was expressed by H. W. Galbraith.

## MAY FORCE CITY TO TAKE CONTROL

Mr. Bill Riddell Outlines Plan Of Action For Mosquito Control

"We will have to force the issue," commented Mr. Bill Riddell, to Kelowna Junior Board members, on Friday, in reviewing the mosquito control situation in Kelowna. He was in favour of calling a public meeting some time in November and forcing a plebiscite at the January elections on the question of the city taking over administration of the control scheme.

Letters have been written to various school boards in the district, asking for their monetary support in a scheme of controlling the spread of the mosquitoes in this area.

Mr. Riddell, who heads the Junior Board Mosquito Control Committee, was complimented by Chairman Parkinson on his excellent work, and asked to continue with any plans he had in mind.

## First Woman Minister In India

Mrs. Vijayalakshmi Pandit, sister of Pandit Jawaharlal Nehru, leader of the Congress party of India, is the first woman to have been appointed a minister in the political history of that country.

## PREVENTORIUM IN NEED OF DONATIONS

Will Have To Have More Funds If Institution To Remain Open

Unless more cash donations are forthcoming, the Gordon Campbell Preventorium may not be able to remain open as long as the directors would wish, it is learned today, and the kiddies receiving treatment there will not be able to fully regain their normal, healthy condition. The Preventorium officials are making an appeal for cash contributions, which should be sent in to the Treasurer, Miss Eva Moore.

Twelve little patients are now receiving treatment, the other youngsters having returned to school. The remaining twelve have shown remarkable progress, the gains in weight and general health condition being most satisfactory.

The Benvoulin Women's Club has recently forwarded a splendid gift in the shape of eleven pure wool blankets of fine quality. These blankets will fill a real need, especially with the cool fall weather approaching. This gift will be appreciated for years to come. Donations have recently been received from the following: Help's Band, Seventh Day Adventists, Mesdames C. Oliver, R. H. Stubbs, W. McInroy, Bland, T. F. McWilliams, E. W. Ferguson, A. E. Tuckey, Fisher, H. A. Willis, Hobson, J. D. Young, Miss McEwen, Miss McDougall, Mrs. Flynn, Mr. L. Harrison and Mr. Jack Ward.

## QUEEN ALEXANDRA SOLARIUM FOR CRIPPLED CHILDREN

Monthly Report Of Medical Superintendent

The health of all children has been excellent during the month. There has not been any communicable disease and intercurrent illnesses have been minimal.

Monthly Statistics	
Admissions during August	11
Discharges during August	11
Children in Solarium, August 31st	69
Children in Jubilee Hospital, August 31st	2
Consultations during August	8
To Jubilee Hospital during August for casts changed	4
To Jubilee Hospital during August for extension	1
Dental treatments	256
Laboratory work	6
X-Rays	6
Physiotherapy treatments and exercises	735
GLENN SIMPSON, M.D., Medical Superintendent.	

Porpoises abound in the waters of the Gulf of St. Lawrence. While only a few are taken, the skins are tanned and the oil is used commercially. At one time the catching of porpoises and the manufacture of porpoise oil in this area was quite an important industry.

## MISSION CREEK SCHOOL HAS NEW HOURS OF STUDY

Temporary Rearrangement Is Necessary Pending Provision Of New Room

BEVOLI, Sept. 9. The holidays being over, school studies have resumed at both local schools. No changes were made at Bevoli School but at Mission Creek the hours have been arranged to meet the crowded situation until the new room is ready. Grades one and two will be taken from eight a.m. until 12:30; the intermediate, from 12:30 till 5 o'clock, while Grades six, seven and eight will have regular school hours.

Mr. and Mrs. James Milne and small son Murray, who had been visiting their parents, Mr. and Mrs. Alex Reid, left on Monday for a short visit to the Coast before returning to their home in Detroit.

The regular monthly meeting of the Bevoli W.A. was held at the home of Mrs. Reid on Tuesday of this week. Plans were discussed for a jumble sale, which will be held later when the busy season is over.

Mrs. L. Gillard and Arthur motored to Penticton on Saturday, returning Monday with Glennys, who has been visiting her sister, Mrs. F. Thurston, for the past week.

Mrs. John Reid, of West Vancouver, is a guest at the home of Mr. and Mrs. A. Reid. Continuing her journey to Winnipeg, she will be joined at Kamloops by Mr. and Mrs. J. Milne.

Mr. and Mrs. P. Melver, of Vancouver, arrived on Monday by motor for a visit with Mr. and Mrs. Barney Melver.

Bevoli United Church was beautifully decorated last Sunday with many colorful gladioli, which were generously donated by Mrs. J. W. Hughes, the occasion being a floral service. Appropriate music was rendered which included a duet, "In the Garden," by Mrs. Ritchie and Mrs. Pound. Also a chorus entitled "Beautiful Flowers," sung by five small girls, Ellen Ritchie, Gwen Campbell, June Stevens, Helen Sordy and Betsy Hume.

Mr. Lloyd Mawhinney, of Vancouver Island, has been a visitor in the district for the past few days.

In Canada's fisheries the octopus is taken on the Pacific coast only. The catch is used by Orientals as food. Squid, taken on the Atlantic coast, belong to the same family and are used mainly for bait.

## Queen Wilhelmina Inspects Boy Scouts

Dutch East Indian Boy Scouts paid a courtesy visit to Queen Wilhelmina of Holland during the recent International Scout Jamboree, held in that country, and the Queen is seen in the picture as she inspected them on parade.

## WESTBANK

WESTBANK, Sept. 9.—Miss Helen Gorman, who spent the vacation at the Coast, returned home last week and is again in charge of Glenrosa School.

Mr. W. J. Stevens left on Monday for Vernon, where he is staying with his daughter, Miss Alice Stevens.

Mrs. J. L. Dobbin has arrived home from Oregon, where she had spent a month visiting relatives.

Mrs. R. A. Pritchard returned home from Kelowna Hospital on Saturday, but is still far from health and strength.

Mrs. A. E. Drought is resting in Kelowna Hospital after a small operation.

Mr. Stevens and daughter, Miss Alice Stevens, returned last Wednesday from a two months tour through Canada, visiting in Manitoba and Ontario.

School re-opened on Tuesday. The teachers this year are: High School, Miss Coles, of Victoria; and Mr. Morrison, of Vancouver; Division II, Miss McPhail, of Nelson; Division III, Miss Leslie, of Penticton.

Miss Jacqueline H. A. Paynter is in charge of Mount Boucherie School.

Miss Isobel Bartley returned on Saturday from a visit to the Coast.

The funeral of the late Mr. John Zold took place from the Community Hall on Sunday afternoon to Westbank Cemetery. Mr. Zold passed away in Kelowna Hospital last week, after two years of illness.

The Women's Institute regular monthly meeting was held in the Community Hall on Tuesday, when the third flower show of the season took place. There was a fairly good showing of flowers. Miss Jean Brown won the prize for the most points gained at the three flower shows combined.

## FARM WORKERS STRIKE FOR RAISES

VERNON, Sept. 9.—Thirty-eight farm workers on the Belgian Orchard Syndicate struck for a thirty per cent increase in wages last week and were fired by Mr. George Haggie, Manager. A new crew was hired. Despite the action, no disorders occurred among the workers who were let out. Mr. Haggie states that the strike was the result of a Communist element.

## FRUIT TRUCKS ARE MENACE ON WESTSIDE ROAD

Collisions At Curves Attributed To Undue Haste To Reach Points Of Shipment

PEACHLAND, Sept. 8.—A fruit truck driven by Jack Ricks, of Westbank, damaged the fenders and the whole side of a car driven by Mrs. A. Pentland, of Peachland, five miles south of here, yesterday afternoon. The crash occurred on the new paving on a very slight curve in the road. The driver of the fruit truck which belonged to Grieve Elliott, of Westbank, was bound for Penticton with a load of fruit which had to be in Penticton at three o'clock according to the young man's statement, while the accident took place about twenty minutes past two. The truck raked the car with the side of the rack in passing and went on a distance of several hundred yards before stopping. Mrs. Pentland was not hurt.

Heavy trucks of all kinds are creating a serious traffic hazard in this district. Many of them are in such a hurry to get to their destination on time that they drive at a rate of speed that is a serious menace to other traffic. The speeding motorist is also causing concern, especially through town, where the children have been using the bathing beach all summer. Signs limiting the speed appear to be no deterrent. The ferry is not entirely to blame for this condition, for south-bound cars show the same tendency as the north-bound cars.

Especially is this true of many of the heavy trucks that are trying to make time on the road. They are a menace to safety as they hurtle around curves at a break-neck speed, and it is just too bad for the motorist whom they may meet if they cannot get out of his way.

Traffic patrols are being suggested and this might have the curbing effect that the thought of endangering human life evidently does not have.

## GLENMORE

GLENMORE, Sept. 9.—Mr. Archie Morrison, who had spent the past several months here, returned to his home in Vancouver on Saturday last. He was accompanied back by his cousins, Mr. and Mrs. Albert Pearson.

Mr. and Mrs. Shedden, of San Bernardino, California, arrived on Monday and are guests at the home of Mr. and Mrs. E. W. Ferguson.

A few Extra Fancy McIntosh are being picked this week for export.

Mrs. Noyes left for her home in Naramata on Monday, after spending a week at the home of her daughter, Mrs. G. C. Hume.

The Sunday School, closed for the past several weeks, will be resumed again next Sunday, when it is hoped that as many as possible will come out.

Several from here attended the sports and opening of the new airport at Oliver, on Labour Day.

Mrs. Finlater and two children, who moved to Kelowna some weeks ago from Lethbridge, Alberta, are staying for the present with Mrs. Paul Chase.

Mrs. Mary Kearns, accompanied by Mrs. Simmons, motored up from Seattle and visited part of last week at the home of the former's brother, Mr. Andrew Ritchie, leaving for their home again on Sunday.

Mr. and Mrs. M. D. Wilson returned on Monday from Little River, where they had spent several days camping.

Mr. W. M. Talbot left on Wednesday of last week to spend a week in Vancouver.

Mr. M. D. Wilson has finished a new up-to-date packing house and intends starting to pack on Monday next.

Mrs. Arthur Wonnacott, nee Marion Wallace, who had lived in this district several years ago, called last week, with her husband, on several old friends here. They were returning to their home in Calgary after attending summer school in Seattle, at the University of Washington.

## DISTRIBUTION OF RELIEF APPLES QUITE IN ORDER

W. E. Haskins Relates Truth Of Rumours Regarding Relief Produce From Valley

### VISITED REGINA

Conditions Worse Than Last Year, Fruit Board Chairman Is Informed

"I am thoroughly convinced that the Saskatchewan Relief authorities have an efficient system of distribution as it is possible to obtain," stated Mr. W. E. Haskins, B.C. Fruit Board Chairman, on his return from the prairies, including Regina.

"It is impossible to conduct such a large organization without some leaks," he added.

Because of rumours that the fruit sent in relief cases from the Okanagan to the prairies last winter was getting into the wrong hands, Mr. Haskins made a special trip to Regina and called upon the various officials in charge, including the Chairman of the Saskatchewan Voluntary Rural Relief Committee, Dr. J. W. Hedley.

### Rumour Only Part Truth

One rumour had reached the Valley that a bank manager and the mayor of the town were the first two to receive sacks of produce from the Okanagan relief cars. This report, which emanated from a woman in that town, in writing to the Okanagan, was traced, and it was found to be true in a sense. The mayor and bank manager had taken the first two sacks, but only for the purpose of distributing them to needy persons who were unable to come to the cars and get the produce.

Besides the central committee in Regina, each town where relief produce is distributed has a local committee. This committee decides how much produce is to be given out to each person, and the persons who are entitled to receive the fruits and vegetables. Each recipient must sign for the quantity of produce received, and this list is sent to the central body in Regina for checking.

One local committee was slack in the method of disposal, so the central committee refused to send another car there. Committees in neighbouring communities handled the distribution, instead.

Mr. Haskins found that conditions are worse in southern Saskatchewan than in south-east Alberta than they were last year. Business had been fairly good up to June, when it was known definitely that even if rain did come along it would be too late to save the parched and dried-up areas. Then the bottom fell out of business entirely. South-western Alberta has not suffered to the same extent, he discovered.

### Greater Need This Year

The need is greater this year than last, and more cars if they are available will be gratefully received by the drought-stricken farmers in these two provinces, he found.

Organization work is proceeding in the Valley towards shipping fruits and vegetables to the prairies, as was done last year. Mr. Gordon D. Herbert, Kelowna, is the mainstay of this work, and has been Secretary of the Kelowna Prairie Relief Committee since its inception. He expects a representative of the Saskatchewan Committee to come to the Okanagan in the near future and explain the needs of that province.

Last year, with a short crop, 101 cars of apples and vegetables, which otherwise would have been dumped or destroyed, found their way to the prairies, and hundreds of letters of grateful thanks were received for these kind donations.

### Premier Patterson's Plea

Premier W. J. Patterson, of Saskatchewan, telegraphed to Mr. Herbert the following appeal to the fruit and vegetable growers of British Columbia this week:

"Residents of Saskatchewan drought area greatly appreciate contributions from your province in previous years. Sincerely regret that conditions this year are even more serious and a larger area affected. Any donations to Saskatchewan Rural Relief Committee will be most useful and will be distributed to those whose need is greatest."

This year the quantity and the campaign in this direction is under way. Boy Scouts, Girl Guides, community clubs, fraternal societies, Boards of Trade and the churches are combining forces. In some instances picking and packing crews are made up in town and go out into the country and gather fruits and vegetables. In other cases, the growers either bring in their gifts or instruct their shippers to allot certain quantities for relief. In still further instances, cash donations are made and these are used by the Relief Committees to purchase fruits and vegetables.

For health's sake, the need of fruits and vegetables is pronounced in the drought areas and this sad fact is thoroughly understood by the people of British Columbia. The health, particularly that of children, has suffered because of the absence of natural foods.

The Saskatchewan Relief Commission has arranged with the railways for free transportation and has also arranged for competent distribution.

When polishing furniture add a little vinegar to the polish. It will give great brilliancy to the surface.

Coloured handkerchiefs should be soaked in cold salt water for a short time before they are washed. This will prevent the colours from running or fading.

Friends here. They were returning to their home in Calgary after attending summer school in Seattle, at the University of Washington.

## CANADIAN MARKETS WANT ONLY HIGH QUALITY FRUIT

(By J. E. Britton, Summerland Experimental Station)

The marketing of poor quality fruit destroys consumer confidence and tends to slow up sales. Quality in fruit is primarily a grower's problem, but in the final analysis it is a question of consumer preference and therefore a marketing proposition. Quality begins in the orchard or garden and must grow into the fruit. Gradually the fruit increases in size and weight until maturity is reached, when the sugar content, combined with certain acids, flavours and juicy texture reaches the optimum for picking. Then the fruit begins its storage life, which may be short or long, according to variety and as it may be influenced by temperatures and place of storage. Almost each variety has its own peculiar storage life and reaction to treatment. Usually fruit should be picked just before it reaches the peak of maturity to ripen into the best of eating quality. To pick immature "green" fruit is wasteful and also injurious to successful marketing.

It has been found that certain fruits increase in weight almost 30 per cent during the maturity period. At the same time both colour and size improve, the sugar content increases, and the fruit actually carries to market as much better condition than does "green" fruit of the same variety. Experiments at the Summerland Experimental Station endeavour to establish standards of maturity for the various varieties of fruit. Vagaries of the season are beyond control, but the na-

tural changes in fruit are indications of approaching maturity and serve as guides to picking for quality. Increased sugar content is one important index, but recognition of changes in appearance, in colour, in firmness of texture, as well as a general knowledge of the variety, are necessary to formulating sound harvesting recommendations.

Following harvest, fruit must pass through its "storage life" regardless of where it is held. If it goes to market, it should arrive full of quality and in perfect condition for consumer demands. Maturity experiments must be mindful of the packing and shipping requirements, that a margin of time and firmness of fruit be sufficient for orderly marketing.

Fruit growers are the primary producers for these markets and the quality of the product and its popularity with consumers depends on many factors of variety and culture, but most of all on correct maturity, proper harvesting and careful storage. Packers, shippers, and dealers have a responsibility in caring for fruit and finally consumers might aid in the endeavour to supply good fruit by buying intelligently, by recognizing varieties in their best season and using them when they are ready. The supply might thus be more dependable and costly wastage be greatly curtailed. More select varieties, better culture, and improved facilities in cold storage and transportation make it possible today to offer consumers a wider variety of choicer fruits than ever before.

## MRS. CLARICE KEITH, KELOWNA, DIES AT PENTICTON

(Continued from page 1)

short time afterward that the accident occurred.

### No Warning Post

It was on the sharp right angle turn just before the highway reaches Okanagan Falls, towards the fatal accident happened. Loose gravel has been blamed for part of the occurrence. There was no warning post along the highway to state that traffic was approaching a curve.

Charles Friend, of Kelowna, brother-in-law of the deceased woman, stated that he left Oliver in his car after the main party had gone. He had passed the others but had not recognized them, although they had observed him. All the witnesses stated that only a small quantity of beer had been consumed in the party prior to starting out for Penticton.

Miss Dorothy Taylor testified that the road was in bad condition and quite bumpy. Gordon Grant, Bell's partner, said all he could remember was hearing a crash just before the car rolled over.

B. C. Constable Clarke, who was called to the scene, stated that the right-hand door was badly twisted, the right headlight smashed, the right fender crumpled, and there was a large dent in the top of the vehicle. A large splash of blood on the inside of the roof indicated where the late Mrs. Keith's head had hit the top.

David Currie, of Vernon, the first car to reach the injured woman to the Penticton Hospital. His testimony was that, in his opinion, Bell did not see the curve.

### Badly Injured

Dr. H. McGregor, who attended the deceased, told the inquest of her injuries, stating that she had received a severe scalp wound, that her upper lip was split and that five ribs were shattered. She also received a badly bruised chest.

None of the other occupants of the car was injured to any serious degree, escaping with a few cuts, bruises and shock.

On the advice of his counsel, Ronald Bell refrained from giving evidence at the inquest.

The jury verdict was that it found that the deceased had come to her death through injuries received in an accident near Okanagan Falls, in an automobile allegedly driven by Ronald A. Bell, on the night of September 6. "We further recommend that the Provincial Government be requested to place a proper warning post on the east side of the road and a short distance south of the curve where the accident occurred."

The coroner's jury consisted of Messrs. T. H. Wilson, foreman, Crawford Moore, H. T. Griffiths, Stewart Jackson, Charles Clarke, and J. C. Hembling. Dr. R. B. White, Penticton, was coroner.

### Made Host of Friends

Of a sunny disposition, the late Mrs. Keith had made a host of friends since her arrival in Kelowna about five years ago, with her brother-in-law and sister, Mr. and Mrs. Charles E. Friend. She worked with Mr. Friend in the Maple Leaf Cleaners & Dyers on Ellis Street.

Before coming to Kelowna deceased had lived in Nanaimo and Seattle.

Besides her husband, she leaves a brother, Mr. Al Shields, of Bellingham, and a half-brother and half-sister, Mr. Don Warburton, Bellingham, and Mrs. Charles Friend, Kelowna. Mrs. Jessie Cameron, an aunt from Bellingham, arrived in Kelowna yesterday.

Funeral services are being held from Day's Funeral Parlours at 2:30 o'clock this afternoon, Thursday, with interment in the Kelowna Cemetery.

## NOT AN ATOM OF TRUTH IN DEXTER REPORT

(Continued from page 1)

Canadian fruit industry for many years and innumerable opportunities have occurred to examine boxed apples in the packing house and in the markets of the United Kingdom and Canada, and I can state with emphasis that my experience has been quite the reverse to that as reported by Mr. Grant Dexter.

"I would say that there is not an atom of truth in the report on boxed apples, as published by the Winnipeg Free Press, and further there is no justification for such a statement."

"I have discussed this matter with Mr. F. Hudd and he has had several conversations with Mr. Dexter. I understand that Mr. Dexter realizes the error in his cabled despatch and it occurred to me the best manner in which the matter could be settled was for Mr. Dexter to withdraw the despatch."

### Could Find No Complaints

"I received advice from Mr. Hudd that Mr. Dexter has cabled the Winnipeg Free Press as follows:

"Cables, letters received here indicate British Columbia apple growers drawn unintended unwarranted conclusion your correspondents' despatch, July 15. Careful enquiry among trade fails to uncover any complaints in quality of packing."

"While the cable is open to serious criticism in that the conclusions drawn from the despatch of July 15 by British Columbia growers were entirely justified and warranted, yet Mr. Dexter concludes with the statement that his enquiry among the trade fails to find any substantiation of his report about which the complaint was made."

"Personally, I am of the opinion that the despatch should be withdrawn altogether, but perhaps Mr. Dexter's cable will settle the matter to the satisfaction of the British Columbia growers."

## Wounded British Ambassador

Sir Hugh Knatchbull-Hugessen, British Ambassador to China, was seriously wounded in two places when his automobile on the way from Nanking to Shanghai, was sprayed with machine-gun fire by Japanese aviators.

## IMPOSES SENTENCE IN LIQUOR CASES

Leonard Lucas Given One Month And Willie McDougall Two Months

Leonard Lucas was brought before Magistrate J. E. Burne on Wednesday and pleaded guilty to a charge of supplying liquor to Indians, following a raid by B. C. Police officials on his shack in the north end of the city on Tuesday evening.

He was remanded until this morning for sentence when the Magistrate fined him \$50 and costs or one month in jail. An accomplice, Francis Spencer, was brought into court this morning on the same charge and was placed on six months' probation, and asked to post a bond of \$100 for his good behaviour.

This procedure was on account of Spencer's age, he being only 19. Willie McDougall, a Westbank Indian, was brought before Magistrate Burne on Tuesday, on a charge of being in possession of liquor. He was defended by Mr. E. C. Weddell. A sentence of two months' imprisonment was handed down by the Court.

Arising out of the same disturbance, Danny Alexander, a Westbank Indian, appeared on a similar charge and was let off with a fine of \$10 and costs or 10 days in jail.

In both cases, the witnesses were Maria Alexander, a sister of Danny Alexander, and Peter Manuel, both of Westbank Reserve.

On Monday afternoon, about six o'clock John Findlay, of Joe Rich, ran into a group of cows, owned by Bhagu Singh, on the Black Mountain road, with his truck. One animal was killed and another badly injured.

Charged this morning, Thursday, with driving to the common danger, Findlay pleaded not guilty, but was convicted and fined \$25 and costs or 21 days. Defective brakes and the distance travelled by the truck after the first cow was hit, was the reason for the conviction.

The truck radiator and headlights were badly smashed in the accident.

## CHOOSE PACKING CONTESTANT TODAY

Girl To Represent B.C. At The Imperial Fruit Show Will Be Picked

This afternoon, Thursday, the competitor to represent the British Columbia apple industry at the packing competition during the Imperial Fruit Show at Birmingham, England, next month, will be chosen in Kelowna.

The packing contest will be held at the Crown Fruit Co. in Kelowna, where a new grader has recently been installed. Each girl will pack five boxes of fruit, with five sizes of fruit in the bins. Six competitors will pack at one time, and the judges will not watch them at work, judging the packs by numbers after they are made up.

The competition starts at 1:30 o'clock with fourteen packers entered. Messrs. Bryan Whyte, W. Reed and Messrs. Bryson Parsons, Keremcos Fruits Ltd., Miss M. Fisher, Mrs. M. Cookson, Mrs. E. Green, Kelowna Growers Exchange, Kelowna; Mrs. E. G. Gillard, K.G.E., Rutland; Miss Edna Parsons, Woodside Packing House, Winfield; Miss Yvonne Craze, Miss Isabel Stillington, Cascade Fruit Co., Kelowna; Miss Edna Sylvester, Penticton Co-operative Growers; Miss V. Mattock, Haynes Co-operative Growers Exchange, Oliver.

## SECOND RURAL ROUTE MAIL DELIVERY ASSURED

Mr. E. R. Bailey, Postmaster, received advice from Ottawa this morning that the second Rural Route mail delivery to the Kelowna district would be established in the near future, there being sufficient boxes shown. The date of initiation will be given later.

## LOWER SEASONAL PRICES ON PEACHES SET

(Continued from page 1)

Consequently plum prices were dropped 15 cents to 25 cents, and now stand at \$1 for four-basket crates, 65 cents for No. 1 lugs, 55 cents for No. 2 lugs, and 35 cents for 6 quart baskets.

Pleasant peaches have been receiving attention from the trade and consequently the price has been raised five cents for Fancy and 10 cents for Cee and Face and Pill. They stand at \$1.20 for Fancy, \$1.10 for Cee, and \$1 for Face and Pill.

Apout peaches are opening twenty and fifteen cents higher than last season at \$1.15 for Extra Fancy, \$1.70 for Fancy and \$1.40 for Cee.

Jonathan: Extra Fancy, 270; Fancy, 270; Cee, 216.

Spy: Extra Fancy, 234; Fancy, 234.

## ARRANGE RADIO HOOK-UP WITH JOBBING TRADE

(Continued from page 1)

Miss Stevens will assist in supplying material, both articles and recipes, for the radio programmes. She has contacted a large number of newspapers and has obtained space in many prairie dailies and weeklies for her articles on the many uses of apples and peaches, as well as her many recipes.

She has also contacted cooking schools, domestic science teachers, and universities, and impressed the lecturers with the value of fruits which are produced in the Interior of B.C. in preparing tasty meals.

### Listened To Programme

One advertising programme, which Mr. Haskins listened to in Calgary, consisted of an orchestra, and two vocalists, a man and a young lady. One of the catchy tunes sung over this network was "You're My Apple Dumpling." It was followed by a short talk on the tastiness of apple dumplings as a dessert. Interested housewives were invited to contact the radio studio and obtain a recipe for the making of the apple dumplings.

In this way, the programmes are made more interesting and appeal to the fancy of the listeners, Mr. Haskins states.

Miss Stevens also contacted an agency which supplies "Boiler plate," or material for the inside pages of some 180 weekly newspapers to run a regular series of articles and recipes as prepared by this well-known Okanagan woman.

## ARRESTED FOR CARRYING LOADED REVOLVER

PENTICTON, Sept. 9.—Arrested under charges of having a concealed weapon in his possession, Cyril Fisher, of Penticton, is out on \$500 bail pending the hearing of the case. It is reported that accused entered a local cafe premises, having the weapon in his possession. Constable Emslie, of the Provincial Police, was in the cafe at the time, about 8:30 on Monday evening. The officer arrested Fisher, taking charge of the weapon, a loaded revolver. Brought into police court on Tuesday morning, the accused was remanded until Friday.

## FARMER IS SHOT WITH OWN RIFLE

Bullet Travels Through Abdomen Into Man's Liver

VERNON, Sept. 9. Frederick Hammond, middle aged farmer of Creighton Valley, lies in the Jubilee Hospital in a serious condition, suffering from the effects of a rifle bullet which lodged in his liver, the result of an unfortunate accident late Sunday afternoon last.

Mr. Hammond, who is well known throughout this district, having lived

here for almost thirty years, was out in his field on Sunday setting out poplar traps. Though details of the tragedy are lacking, it appears that he stooped down to cross a fence, and a 22 calibre rifle he was carrying in his right hand suddenly went off. The bullet entered the palm of his hand, went out of the wrist and into his abdomen, lodging finally in his liver.

He walked, though badly wounded and in pain, for about a half mile to his ranch house. His brother, Albert Hammond, of this city, who was assisting him with the harvest, was at home when he reached the premises. Aid was secured and the injured man was rushed to the hospital in an auto driven by Emanuel Soremark.

## SANI-FLUSH ---

SANIFLUSH—Cleans without fuss or muss; per can 27c
